

L-W Plans Special Science Program

W. H. Geisler, Druggist, Dies; Funeral Today

William H. Geisler, operator of the drug store bearing his name at Mokena, died suddenly Monday morning at his home, 109 Zarley Blvd., Joliet. He had apparently been in good health and was busy making plans for promotion of his business in Mokena.

Born in Cable, Ill., he attended the University of Iowa and was graduated from the college of Pharmacy there. He was associated with the Seltzer chain of drug stores in the midwest and was manager of the drug store in Lockport before coming to Mokena in December, 1957 when he bought the Boleman drug store, which he and his wife have operated since. He had the respect of all in the area who knew him.

He was united in marriage with Mary Louise Hochitt, May 22, 1946, who survives as well as three sons, Gregory Lynn, Glenn Mark and Jeffery Ross all of Joliet; a brother, the Rev. O. C. Geisler, pastor of the Lutheran church at Fall Creek, Wis., and a sister, Mrs. Martha Bargman of Davenport, Ia.

Removal was to the Western Funeral parlor, 163 N. Joliet st., Joliet where services will be held this afternoon, March 19, at 1 p.m. to St. Peter Lutheran church, Broadway, Joliet, at 1:30 with the Rev. E. W. Frenk and the Rev. Martin Frenk officiating. Burial will be in Woodlawn cemetery.

Topflight Teachers to Conduct Lectures at Summer Sessions

Lincoln-Way high school will begin a special summer science program on June 22 for the top ten students in the junior class. The session will conclude on July 31. Applications are being sent out this week to interested juniors for participation in this new science venture.

H. Neil Hardy, chairman of the Science and Math department, reports that student interest is very good. The participants will be selected by the teaching staff from those applying and upon the basis of ambition, interest and ability. Announcement of the ten students who qualify for the program will be made April 13.

Three anonymous grants of \$500 have been received to pay the instructors, and some of the initial expenses. Industry has donated \$1500 in science equipment to the Lincoln-Way science department for use in this project. Students will be expected to pay for the materials they use in the course.

Warren E. Baecht, chemistry instructor from Tenafly, N. J. will conduct the lecture discussion sessions. Mr. Baecht has a master's degree in chemistry from the University of North Carolina. Presently, he is teaching high school but has a background of college teaching and industrial work for Charles Pfizer and Company.

Classes in communication skills will be conducted by Mr. Hardy. Mr. Hardy is an editor of the Transactions of the Illinois State Academy of Science. During the past two years he has written more than 24 articles in regional, state and national publications of science.

Seminar sessions will be conducted by visitors from industry, government and education. The first special speaker will be Dr. C. Lepile Knatzer, president of State Academy of Science. Dr. Knatzer has visited Russia three times in the past four years; studying its educational system. He is a member of the faculty at MacMurray College in Jacksonville, Illinois.

3 Injured in Two Crashes

Victor A. Tinley, 35, of 153 Barbara Lane, New Lenox, suffered chest injuries last Friday when a truck swerved to avoid a rear end collision and crashed into the front end of Tinley's car. The accident occurred on U. S. 30, near Gougar road. Driver of the truck was Gale A. Trulson, of Galesburg. At 2 o'clock last Saturday morning a car driven by Frank Roho, 50, Winawae, Ind., skidded on the ice on a curve on U. S. 30, a mile east of U. S. 45, shot across the road and after shearing off a telephone pole came to rest against a billboard.

A few minutes later a station wagon driven by Mary A. Paul, 23, of Thornton, skidded at the same place and plunged into the wrecked car. Both drivers were taken to St. James hospital for treatment and x-ray examination.

Frankfort Board

Seeks Best Sewer for Least Money

Members of the Frankfort village board plan to meet Monday night with Robert Hamilton, the village engineer, and work out details for the financing of the proposed sewer system for the community.

So far figures have varied somewhat as different approaches to the problem have come under consideration but by Monday night, the board hopes to have come to definite conclusions and make public the estimated costs.

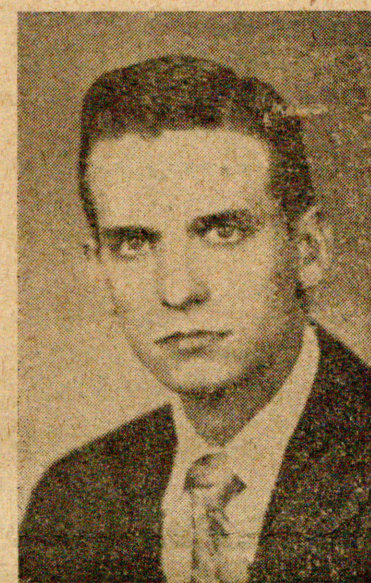

The board's aim is to get the best system for the least money.

While no figures have been released to date it is under-

Lincoln-Way Employs New Science Teacher

A. Hunter Chapman, principal of Lincoln-Way high school, announces the appointment of William Daniel Avila to the science department faculty.

Mr. Avila is currently working on a National Science Teacher's Foundation grant at Cedar Falls State Teachers college, Cedar Falls, Ia. This

W. D. Avila grant is made by the federal government. Avila's work concerns radiation biology.

He has been hired by the Lincoln-Way school board to teach general science and physics beginning next fall. A Chicagoan, Avila has been a member of the Easton community high school since his graduation from Western Illinois university in 1952. He received a bachelor's degree in secondary education from Mt. Carmel high school of Chicago and then spent two years in Europe with the U. S. Army.

County Zoning Board Meets in Area Tomorrow

The Will County Zoning Board of Appeals will meet tomorrow evening in two locations in this area.

At 6 p.m. they will meet in the Homer town hall to consider the request of Cliff LeGrand to establish a garage on the north side of 147th st., between State st. and Cream rd.

At 6:30 in the Rock Island railroad station in New Lenox the board will consider the request of Jacob Hoogstra for a B-1 or business permit for the northwest corner of Maple Lane and Cedar road; also the request of James Robb, Jr., for a B-1 permit for both the southwest and northeast corners of Laura Lane and Cedar road.

Churches Mark Holy Week With Special Services

Area churches will mark Holy Week, starting Palm Sunday, March 22, at special services.

In Mokena, youth chapel services are planned from March 22 to 26, 8:15 to 8:45 a. m. at St. John's church. These services are being sponsored by the Will County Ministers' Association with a local committee in charge.

The chapel leaders for the five days will be in the following order: Rev. William Riemann, Mrs. John Peterson, Mrs. Paul Behen, Mrs. Elias Brown and the Rev. Gerald Jackson.

Episodes from the life of Christ will be presented by word and film pictures.

High school students are invited to be present on Good Friday when the starting time will be 9 a.m.

The offerings, above expenses, will go to the Crippled Children's fund. All children of school age may attend.

The Homer church will hold a service on Maundy Thursday, March 26, at 3 p.m. and will participate with churches in Lockport at combined services at the Trinity Lutheran church from noon to 3 p.m.

At the Marley church, services will be held on Good Friday at 7:45 p.m.

St. Peter's church in Frankfort will hold a Communion candlelight service at 7:30 p.m. on Good Friday. The pastor, Rev. Erich Bizer, will speak on "The Richest Hill on Earth". The senior choir will sing, "God so Loved the World" and the soloist will be Robert Breidert.

Holy Week services at the Good Shepherd Lutheran church, Frankfort, will be on Wednesday at 8 p.m. with the Rev. Adolph Ullrich officiating.

On Maundy Thursday the Orland Park Methodist church will hold a candlelight service at 8 p.m.

On Good Friday a united service will be held in the Palos Park Presbyterian church, 123rd and 88th ave., with churches in Orland Park, Palos Park and Worth participating.

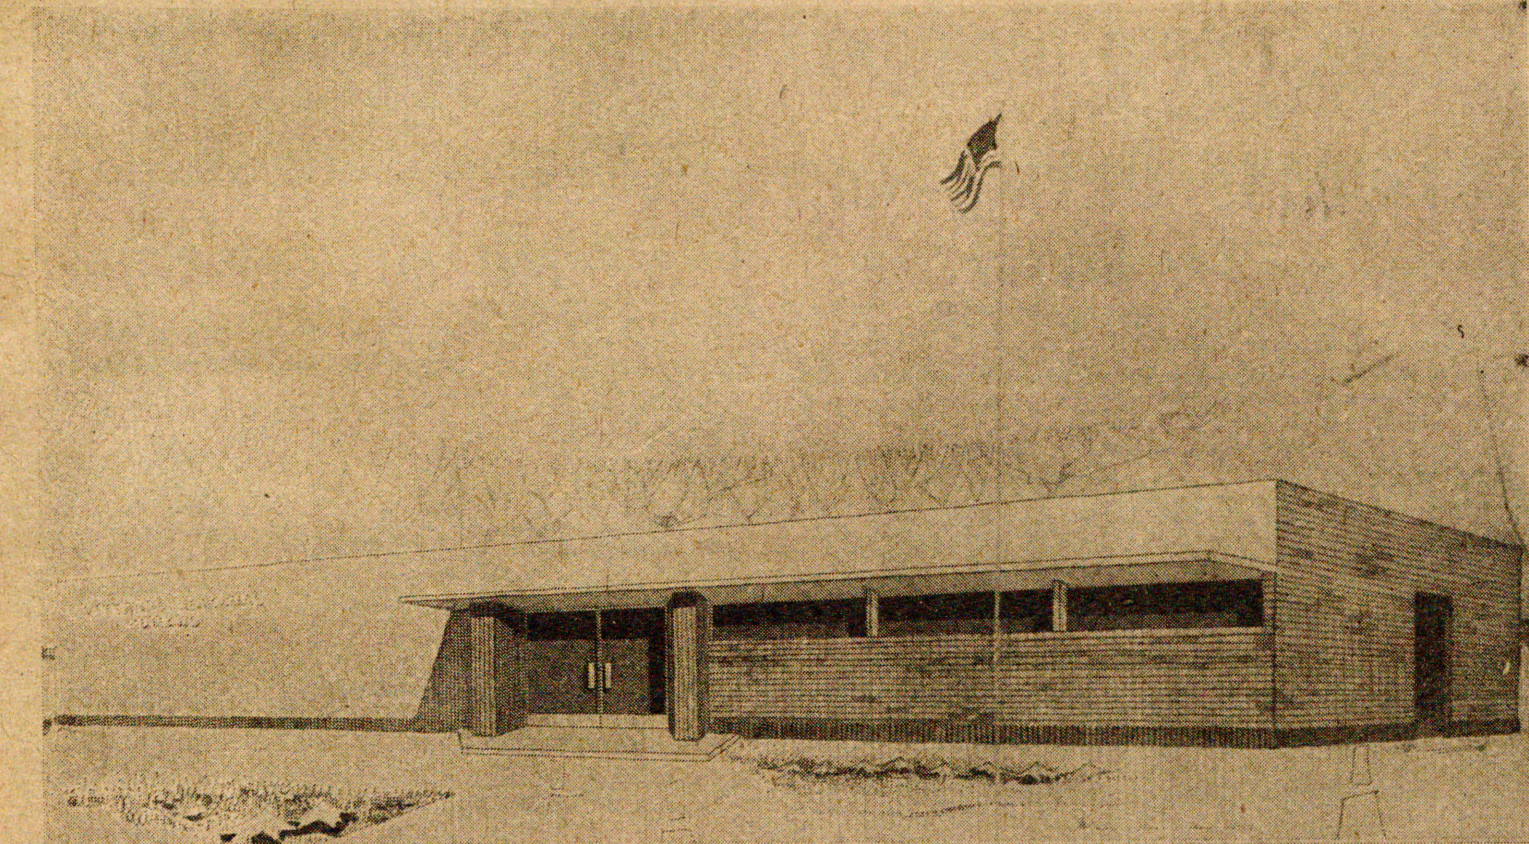

Monday Deadline For Notices of Easter Services

Notices of special church services on Easter Sunday, March 29, should be submitted by noon Monday, March 23, to be published in the March 26 issue of the Semmer newspapers.

Churches are requested to cooperate by submitting announcements as soon as possible before this deadline.

WINS GRAND PRIZE

The grand prize given away by the New Lenox Lions club at its annual spring dance, which was held last Saturday night at Lincoln-Way high school, was awarded to A. Hunter Chapman, the superintendent.

ARCHITECT'S DRAWING of the Veterans Memorial planned by the American Legion post at Frankfort. The building

will serve life post as a home and the community as a meeting place, it was announced by those in charge.

Frankfort Memorial

Legion Plans Community Building

A program for construction of a memorial building by American Legion Post 1095 of Frankfort has been launched and preliminary plans have been drawn up.

The building, according to Commander Glenn Burkett, is to serve as a memorial to all veterans in the community. Besides housing the Post club rooms, the building will also serve as a community center.

The proposed structure will be 42 x 72 feet of brick and block construction, located on

the northeast corner of the community park, on an acre of land.

The American Legion building will be operated and maintained thru the selling of membership certificates to veterans and their families, and to social members.

It will consist of one large hall, suitable for banquets and dances, which can be combined with a cocktail lounge and a kitchen. Also a memorial room for deceased veterans, Post meeting room, and a basement, where

there will be ample storage room. A large parking area will be provided on the grounds.

Serving on the building committee are Post members, Daniel Hecht, Orville Schinkowski, Kenneth Oetter, Clarence Heisner and Lloyd Luhring.

The Frankfort American Legion, organized in 1919 will mark its 40th anniversary during the week of March 15. Construction of the building will start as soon as the architect's plans are completed.

Throws Wabash From the Train A Kiss, a Kiss--

(CNS)—Saturday commuter service on the Wabash railroad never a standing-room-only for straphangers operation is nearing the "good-bye forever" state.

The railroad has dropped Saturday trains 12 and 13 that stopped at southwest suburbs between Chicago and Decatur. The Illinois Commerce Commission authorization order was effective March 7.

Chicago-bound train No. 18 will have Oak Lawn as a regular Saturday stop, also out-bound train No. 21.

Stops affected by discontinuance of trains 12 and 13 include Orland Park, Palos Park, Worth, Chicago Ridge, as well as Oak Lawn.

A maximum of only 40 persons will be "inconvenienced" by the change, the railroad said. Pointing out the Saturday operation was not well patronized, the commission found that public convenience and necessity does not require the operation.

No change was made in weekday schedules. Dropping the two Saturday runs will save the railroad about \$49,000 annually. The yearly cost was \$51,000 while the revenue amounted to only \$2,000.

L-W Seniors Present Play Tomorrow Night

The senior play at Lincoln-Way high school is to be staged in the auditorium there tomorrow night, and Saturday night at 8 o'clock.

The piece, "A Bull in a China Shop", has been described as a mystery, seasoned with a bit of comedy. It deals with a group of spinsters who are so anxious to meet a young male neighbor that they are willing to do most anything to bring about a meeting. They even go so far as murder and that, of course, turns the trick as the object of their affection is a detective.

Members of the cast include: Wayne Klassing, the detective; Douglas Williams, his assistant, both of New Lenox; Fred Kiesler, Mokena, as a fingerprint expert; Norma Heldrich, Dona Anderson, Christine Duffy, of New Lenox, and Geriann Hull, Linda Matasovic and Doris Smith, Mokena, comprise the spinster crew; Patricia Bradley of Lincoln Estates, a career woman and Tony Charvat, New Lenox and Richard Englehardt, Mokena.

Mrs. Betty Elliott, director, has John Flynn as student director. Thomas Ricketts, is production manager and Terry Schroeder, stage manager.

Others assisting are, Leroy Bitner, Sandy Swinford, Marilyn Schultz, William Klingler, James McCure, David Donaldson and Vivienne Eisenbrandt.

Transportation Problem

CTA Blocks Bus Service to Orland

(CNS) Does the Chicago Transit Authority have the right to ban new routes of suburban bus companies from Chicago streets?

In a brief filed with the Illinois commerce commission, the CTA said it has asked dismissal of Suburban Transit System's petition to launch interurban service between Chicago's Loop and Orland Park, Palos Park, Palos Heights, Worth, Chicago Ridge Oak Lawn, Stickney and Cicero.

Both the general assembly and the City of Chicago have granted the CTA "the exclusive right to operate a local transportation system within the city and its immediate environments," the brief said.

Granting a certificate for the proposed interurban service would be in "direct violation of ordinances of Chicago as well as laws of Illinois," the brief added.

In reply, Suburban Transit System said it recognizes that the CTA has an exclusive right to "local" transportation over Chicago streets. But this exclusive right applies only to local transportation and not to "interurban" transportation," the reply brief stated.

It stated the record before the commission shows the CTA has no intention now of providing interurban service between Chicago and suburban points leading to Orland Park.

"Indeed, the CTA has demonstrated that it is at least five years away from furnishing any such interurban service or from establishing proper facilities for the public convenience and necessity in and for the area involved," the reply brief said.

It added agreement that the CTA has the right to engage in interurban transportation within the metropolitan area, but said this right "may not

be exercised to the exclusion of the public right."

Filing of the briefs was the latest action since hearings on the suburban line's petition ended in December. The ICC still has the matter under advisement.

Suburban Transit System's present routes include runs from Palos Park to 63rd and Halsted streets, Chicago; in Cicero avenue between 161st and 63rd streets, and 95th street and Roberts road to Argo.

At the hearings, Merrill B. Knox, a CTA transportation consulting engineer urged the suburban line consider, instead, expanding service on present routes.

Witnesses for the bus company, however, testified there's a "great need" for the proposed interurban service and that transferring now in Chicago is a costly nuisance.

Sandburg High Seeks Aid

Asks O.K. of Transportation Tax

Voters of Carl Sandburg high school district will be asked to approve a 10 cent transportation tax when they go to the polls April 11 to elect board members.

Two years ago the state legislature gave school boards the right to levy a tax of .02, to help pay for transporting pupils to and from school. That much of a tax could be levied without approval by the voters. But a vote is necessary to boost it to the maximum of 10 cents per \$100 of equalized assessed valuation.

Officials at Sandburg said that while the board is asking approval of the maximum rate of 10 cents, it does not anticipate that the entire amount will be needed.

The school expects to effect a savings of approximately \$16,000 this year thru operating its own busses rather than leasing them from a carrier. However, it was pointed out, as the school population increases so will transportation costs so the board would like to be protected as long as possible.

The state allows some money to a school for transportation but it was reported reduced in Cook county this year. Sandburg's cost for transporting pupils this year is expected to run approximately \$42,000 as compared to \$35,900 last year, yet the district expects to get but \$13,200 from the state this year in comparison to

\$15,464 for the 1957-58 school year. In 1955-56 the school spent \$22,635 on transportation and got back \$9,226 from the state.

The board has to make up the difference from the educational tax fund. Now by levying a special transportation tax the board will not have to touch the educational fund for this purpose. Teachers salaries and supplies for operating the school come from the educational fund. This year approximately \$29,000 will have to be transferred from the educational fund to the transportation fund.

Persons who want additional information on this problem may get in touch with the school superintendent, W. O. Fisher.

Mokena Lions Plan Annual Egg Hunt For Easter Sunday

The annual Easter Egg hunt sponsored by the Mo-

kena Lions club will be staged the afternoon of Easter Sunday, March 29, in the village park.

The affair is held for the entertainment of Mo-

kena children.

Those in charge are hopeful for cooperation by the weatherman that the day may be sunny and not too cold.

Soloists, Ensembles Win Firsts In Grade School Band Contest

Saturday was a big day for the Mokena band members when they participated in their district band solo contest for the first time.

The players left that morning by bus for Westmont where the contest was held. A good many parents also attended to give moral support.

Band members winning first solo awards from the Mokena school are: Billy Inde, Susan Mazurek, Paul Brown, Ben Sluis, Denny Cappel, David Howell, Linda Bryson, Dale Westlund, Tom Williams, John Selnick and Joe Williams.

Band soloists receiving second awards are: Paul Dath, Tom Hamilton, Bill Alexander, Kenny DeCamp, Don Teague, William Miller and Robert Horras.

First place winners for brass sextet are: Bill Alexander, Tom Hamilton, Kenny DeCamp, William Miller, Joe Williams and Tom Williams.

Clarinet quartet winners are Paul Brown, Billy Inde, Paul Dath and Ben Sluis.

The band as a whole will compete in the band contest Saturday, March 21 in the Rockdale school. Their time of playing will be 8:40 a.m. As the Mokena school band is but two years old, it is thought a good showing was made Saturday and it is hoped that they will do as well March 21. Their director is Perry Friedman.

The March meeting of the Mokena Book Club was held the 12th in the home of Mrs. Walter Shewski with 15 members present. The business meeting was conducted by vice president Mrs. Phillip Lenz.

Mrs. Kenneth Sherwood reviewed an unusual book, the autobiography of Adrian (Cap) Anson, a world famous figure in the baseball world 50 years ago.

The title of the book was "A Ball Player's Career." The review was enlivened by a collection of mementos of this outstanding figure who was Mrs. Sherwood's grandfather. The review of his book by Anson's own granddaughter, made an interesting and unique program.

Mr. and Mrs. James Murphy and daughter Leona entertained Saturday evening to honor their daughter Pat and her birthday. The dance was given in St. Mary's hall, Wolf road. Present were the members of the Mud Turtles 4H club and their friends. Dancing was to recorded music. Decorations were done by Pat Murphy, Cheryl Wilson, Joan Marli, Ann Owens, and Susan Hitz. All present had a good time and all wished Pat a happy birthday. Refreshments were served. Also present were Mr. and Mrs. Ralph Hitz.

Dean Jeffrey, infant son of Mr. and Mrs. Leigh W. Kropp, was christened in St. John's United Church during the Sunday morning services.

Later in the day, a family dinner was held in the home of Mr. and Mrs. Roy Kropp and sons, David and John. Present were Mr. and Mrs. L. W. Kropp, Wesley, Ellen and Dean Kropp, Mrs. H. Packard, Mr. and Mrs. A. Kreis, Miss Elaine Kreis, Mr. and Mrs. S. Lucero and children, Yvonne and Roger.

Mr. and Mrs. Don Becker of Lockport, formerly of Mokena, are parents of a baby boy, born Thursday, March 12 at Silver Cross hospital. He weighed 7 lbs. 8 oz. and has been named Donald George. The maternal grandparents are Mr. and Mrs. Howard Beagley.

Mr. and Mrs. John Hubler and Mrs. E. A. Dunham, who attended the Toastmistress Club in the recreation room of the Joliet Federal Savings and Loan Assoc., Sunday afternoon.

Two hundred thirty employees of the Shell Oil company have been awarded prizes for driving automotive cars and trucks for the entire year of 1953 without an accident.

The 230 employees who received awards had an aggregate total of 1,973 years of driving without an accident.

Among those receiving awards were A. V. Dobbs, LaPorte road, 14 years; R. J. LeFevre, 71 Midland ave., 1 year.

Tom Dunham, son of Mr. and Mrs. E. A. Dunham, was recently initiated into Tau Kappa Epsilon, social fraternity at Drake university.

Dunham, a freshman, is majoring in chemistry, in the Drake college of liberal arts.

Immanuel Lutheran Palm Sunday will be a day of confirmation at Immanuel Ev. Lutheran church, when

seven youths will make their confirmation vows and publicly confess their faith at the altar of the church. Giving witness of their faith Sunday at 10 a.m. will be Gerald Daugherty, Janet Geuther, Dennis Heim, Elizabeth Inde, Donald Niemann, Ellen Rohde and Karen Yunker.

The Rev. A. J. Bueltmann, pastor, will address the confirmation class and the congregation on the subject, "The Heart of Christian Faith."

Last Sunday as a part of the morning service, members of the class were examined as to their knowledge of Christian doctrine. On Monday, March 23, which commemorates the institution of the Lord's Supper by Jesus, the class will receive the sacrament with the congregation.

Mr. and Mrs. Fred Cappel left last Thursday for Orlando, Fla., where they will visit the James Fassett family.

Mrs. Frank Sizer Jr. and children entrained Monday for Dallas, Texas where she will visit her parents and attend the wedding of her cousin.

Miss Christina Schmidt is a patient in Silver Cross hospital.

The WSCS met last Thursday afternoon in the home of Mrs. John Balaz with 18 members present. The devotion and program were in charge of Mrs. Roy Erdman and Mrs. Elias Brainer. The lesson topic was "One in Christ—Progress and Ecumenicity." The society will sponsor their annual Easter bake sale in the Cooper & Hostert garage Saturday, March 23, starting at 2 p.m.

Leaves for Germany To Participate in 'Op. Gyroscope'

Army Pvt. Raymond A. Wittkofski, 21, son of Mr. and Mrs. Bernard R. Wittkofski, 1513 Johnson st., Lockport, is scheduled to depart March 7

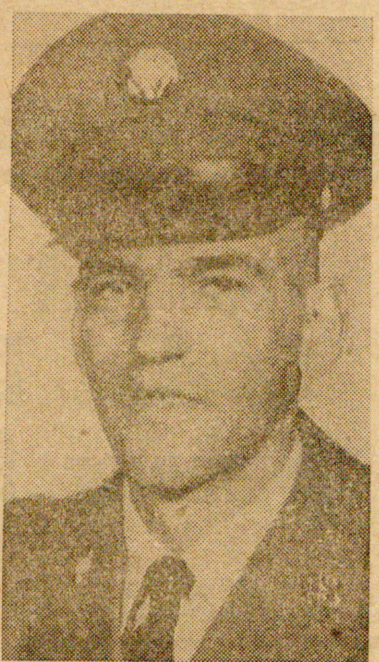

Pvt. Raymond A. Wittkofski from Fort Riley, Kan., with the 1st Division's 16th Infantry for reassignment in Germany under Operation Gyroscope, the Army's unit rotation plan. Under this operation, the 16th will become a part of the 8th Infantry Division in Baumholder.

Wittkofski, who completed basic training in Fort Riley, is a team leader in Company B. He was graduated from Lockport high school in 1957 and worked for Bob Cronholm Construction prior to entering the army in August 1953.

Rifleman Leaves For Germany With Infantry Division

Pvt. Roland C. Landrey, 23, whose wife, Judy, lives at 604 S. Ogden, New Lenox, departed from Fort Riley, Kan., for Germany early in March

Pvt. Roland C. Landrey

with the 1st Division's 16th Infantry. The 16th is being reassigned to the 8th Infantry Division and will be located in Baumholder, Landrey, who received basic training at Fort Riley, is a rifleman in Company B. He worked at the Prairie State Paper Mills before entering the Army last August. His parents, Mr. and Mrs. Merle Landrey, live on Route 1.

Mrs. Hollstein, Tinley Resident 63 Years, Dies

Mrs. Barbara Hollstein, 87, a resident of Tinley Park for the past 63 years died in the Clover Acres Nursing home, 147th st., Midlothian, Thursday March 12 after a lingering illness.

Born April 4, 1872 in Frankfort, the daughter of the late Paulus and Dora Volck, she was united in marriage with the late John William Hollstein at Frankfort. They established their home in Tinley Park, where she was a member of the Zion Lutheran church and of its Ladies Aid society.

Surviving are two sons, Charles, Blue Island and Wilmer, Chicago and a daughter Mrs. Helen Aulwurm, Blue Island; six grandchildren and seven great grandchildren.

Funeral services were held Monday afternoon in the Zion Lutheran church with the pastor, the Rev. Randolph P. Hahn officiating. Burial was in the Zion Lutheran cemetery, Tinley Park.

Warning to pedestrians from the Motor Club: When streets are slippery, don't depend on a driver's ability to stop his car—stand back until you are certain it is safe to cross the street.

Mokena Grade School to Have Sports Night

The Mokena grade school basketball teams will vie for the annual Lion's club award at the Lincoln-Way High school gymnasium, today, March 19.

The competition will begin at 4 p.m. and terminate with the championship at 6:30 p.m. St. Mary's will play Manhattan at 4 p.m. and Mokena will play the winner of this game at 5:30 p.m.

A sport night will be held at the Mokena grade school at 7 p.m., Monday, March 23. This will include two basketball games with wrestling and tumbling exhibitions at half times. The games will pit the first and second round champs on the boys intra-mural league for the school championship. This will be preceded by a game of girls basketball which

will pit the intra-mural champs against an all star group from the girls' league.

The Mokena heavyweight team finished third in the Des Plaines Valley conference with a 9-3 mark. The lightweights' record was 4-8.

Orland Cub Pack Guests of Police At Shrine Circus

Twenty-one members of Cub Scout Pack 218, Orland Park, attended the Shrine circus, at Medinah temple, Chicago, last

Saturday as guests of the Palos Park police department.

The chief of police there, Frank McGinty, and Capt. Frank Guetter were in charge of arrangements. The boys were provided with reserved seats and transportation, the latter furnished in the form of a Suburban Transit bus.

Accompanying the youngsters were George Buckley, the Cub master, Robert Dow and Justice of the Peace Roy Benson.

MR. AND MRS. ROBERT SCHMIDT

Donna Deadmore, Robert Schmidt Exchange Vows in Harvey Church

The First Methodist church in Harvey was the setting for the wedding of Miss Donna Lou Deadmore and Robert Schmidt.

The double ring ceremony was performed by the pastor, the Rev. Paul Turk, Saturday afternoon Feb. 14 at 4:30 o'clock, before the altar decorated with bouquets of white gladioli.

The bride is the daughter of Mr. and Mrs. Lew R. Deadmore 2229 138th st., Blue Island, former residents of New Lenox. Mr. and Mrs. Ralph Schmidt of Addison, Ill., are the parents of the groom.

As the guests were assembling, Mrs. Loretta Berry of Hazel Crest, played traditional wedding selections on the organ. She also accompanied Mrs. Elmer Schmidt, aunt of the groom when she sang, "I Love You Truly," "Because," and "The Lord's Prayer."

The bride, escorted by her father, wore a gown of white lace over satin, fashioned with a square neckline and long sleeves. The fitted bodice was adorned with seed pearls. The floor length full skirt featured a white satin panel with lace insets that cascaded into a chapel length train from a bustle. Her finger tip veil was caught by a tiara of seed pearls and lace. Her only jewelry was a strand of pearls and pearl ear rings, the gift of the groom. She carried a bouquet of white roses intermingled with ivy leaves.

Mrs. Gerald Reeder of Park Forest, cousin of the bride was matron of honor and Miss Madge Fredrickson of Harvey was bridesmaid. Both wore identical shrimp colored nylon gowns with a scoop neckline, cummerbund effect, and a bouffant skirt. Their shoulder length veil was caught to a shrimp-color feather head piece. They carried bouquets of white roses. Each wore a strand of cut crystal beads, the gift of the bride.

Lester Schmidt served his brother as best man and Robert Muhl, cousin, was groomsmen. August Schmidt and William Schmidt, also cousins of

the groom, were ushers. The bride's mother wore a beige linen gown with matching jacket and hat. Her corsage was yellow roses. The groom's mother had a blue satin gown with matching hat and a corsage of shrimp colored roses. The groom's maternal grandmother, Mrs. Alvina Muhl wore a navy blue dress with a white carnation corsage.

The dinner reception was held in the American Legion hall in Harvey and was attended by over 200 guests. The bridal table was centered with a four tiered wedding cake topped with a miniature bride and groom.

The serving was in charge of the American Legion Auxiliary. Miss Linda Deadmore of Champaign, niece of the bride was in charge of the guest book.

Attending the wedding and reception from this area were, Mr. and Mrs. William Collatz of New Lenox; Mrs. Hush Deadmore and Mrs. Margaret M. Semmler, Mokena and Mrs. Emilie Campbell, Seattle, Wash.

When the young couple left that same evening, by motor for a two week's honeymoon in New Orleans, the bride was wearing a blue suit with

Orland Jr. Woman's Club Awards Prizes in Annual Sewing Contest

Members and guests attending the March 11 meeting of the Orland Park Junior Woman's club held at MacKenzie's Restaurant enjoyed viewing costumes worn by contestants in the sewing contests which were judged that evening. Mrs. William Grosskopf, program chairman, introduced each model and described her costume.

Mrs. Milton Westlund of Laguna Woods won first prize in the Vogue contest and will represent the Orland Juniors at the Third District Junior annual night April 17, at the Ridge Park Field House in Chicago. She will receive a year's subscription to the Vogue magazine and also a \$5 prize from the club. Her dress of apple green acetate had attractive belt and button details, and was accessorized with white hat and gloves, orange earrings and necklace, black shoes and purse. Narrow hat bands matching the dress and jewelry colors completed the lovely costume.

Mrs. Donald Pedrick was awarded \$5 first prize in the contest permitting any pattern for a black sheath dress with black and white pin check jacket, and a matching hat. Mrs. Wilbur Eckel received \$3 second prize, wearing a beige shadow print cotton dress with matching jacket. Other contestants were Mrs. Oscar Enk, wearing a pink suit, Mrs. George Schilling with a green wool sheath or jumper, and Mrs. Robert Nelson in a brown sheath with matching jacket.

Mrs. Charles McKinley modeled a "Just for fun" skirt and blouse outfit made of remnants and costing only \$1.00.

Guests and judges for the contest were Mrs. Hilda Geuther, Miss Muriel Schroeder and Miss Janet Weyrick from Carl Sandburg High school home economics department. Mrs. Donald Sheriff of Orland Park Hills was also a guest.

Mrs. Ernest Bengston has accepted the Cancer Crusade chairmanship for this area and will soon be seeking volunteers to assist her campaign. The total sum collected at

matching accessories. They have gone to housekeeping in the upper apartment of the bride's parents home.

The bride is a graduate of the Thornton high school and is now employed in the office of the Harvey Illinois Bell Telephone Co. The groom, a graduate of Proviso high school, completed a two year army service Jan. 1, and is now employed with the Northern Illinois Gas company in Blue Island.

the Midwinter bazaar was \$190.54. Mrs. George Johnson, American Home chairman, reported that the money will be used to purchase a mimeograph machine, individual printing sets for teachers, records, books and additional equipment for the Happy Day School for Retarded Children.

A choral group of Junior women is being organized by Mrs. Raymond King, Fine arts chairman, and will provide entertainment at the Spring dinner which will be held at the Silver Lake Golf club May 13. Mrs. Robert Miskee, chairman will take reservations at the next meeting.

Mrs. Oscar Enk, president, announced that Mrs. William Wilson will serve as Brownie sponsor committee chairman. She also announced that the raincoats purchased for the policemen would be yellow, to conform to safety standards, rather than white as was first anticipated. The sum of \$100. was donated by the Junior Woman's club for the raincoats.

Mrs. Joseph Tinaglia, co-chairman, and hostesses Mrs. James Somerville, Mrs. George Devine, and Mrs. Donald Pedrick served refreshments.

Phyllis Lane is Feted at Bridal Shower Sunday

Mrs. Harold Schwab and her mother, Mrs. Esta Neal, of Lincoln Estates, were hostesses at a miscellaneous wedding shower for the former's daughter, Miss Phyllis Lane, in the Schwab home Sunday. The guests were relatives of the prospective bride and groom.

The home was decorated in the bride's chosen colors of pink and white. Games were played and refreshments served.

Miss Lane received many lovely gifts from those present, who were; Mrs. Mabel Campbell, Mrs. Mollie Whittenkeller, Mrs. Fred Diamond, of Chicago, Mrs. Grace Weitling of Plano, Mrs. Laura Wonnell, Miss Ruby Jean Schwab, Miss Marion Schwab, Mrs. Vera Schwab, Mrs. Hazel Blasing, Misses Connie and Bonnie Blasing, Mrs. Fannie Burnett, Mrs. Albert Schwab, Mr. and Mrs. Joseph Ponkaskas, Mrs. Edith Volrath and Mrs. Glenora Hiller of Lockport, Mr. and Mrs. Robert Goldberg of Evanston, Mr. and Mrs. E. R. Penka and family of Channahon, Mrs.

Woman's Club At Tinley Has 25th Birthday

Twenty-five years of service to the community will be celebrated at the March 25 meeting of the Tinley Park Woman's Club, to be held at 1:15 p.m. in the American Legion hall.

Timed appropriately to this meeting was the opening of the new Tinley Park Community library, begun several years ago as a project of the Woman's Club.

Occupational therapy at the Oak Forest Sanitarium and the new state hospital in Tinley Park, art contests in the public schools and scholarships to summer music camps are numbered among the current activities of the club. Similar ones, as needed, have been completed during the 25 active years.

Looks backward and to the future will be part of the program at the silver anniversary meeting, with past presidents, charter members and new members receiving special recognition. Presidents of similar clubs in surrounding towns, and heads of local organizations will be present for the ceremonies and to hear harp solos presented by Mrs. Kenneth Crandall.

Hostesses, headed by Mrs. Walter Eichelberg, include Mesdames Allan Ebell, Arthur Malmberg, Fred Nitsche, Walter Reed, Arthur Wagner and Miss Olive Pillsbury.

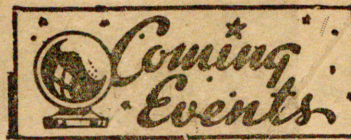

Mothers Club of Sacred Heart to Hold Card Party

The Tinley Park members of the Sacred Heart High school Mothers club, are planning a benefit card party to be held Tuesday, April 14, at 8 p.m. at Saenger hall, Tinley Park.

Mrs. Al Piper is ticket chairman and anyone wishing tickets may call her at Kellogg 2-3790.

Cards or bunco may be played and refreshments will be included. Many prizes will be awarded.

Helen Volrath, Mrs. Clarence Splitt and Mr. and Mrs. Harold Volrath of Lemont, Mr. and Mrs. Dick Winkler of Minooka, Mr. and Mrs. Robert Whittenkeller of Oak Lawn, Mr. and Mrs. Irvin Goldbert of Elmhurst, Mr. and Mrs. Irving Volrath of Lemont, and Mrs. Sam Parrilli of Blue Island.

Blue and Gold Banquet is Held By Boy Scout Troop and Cub Pack

By MRS. LILLIAN KNOX
Fieldbrook 9-0211

Boy Scout Troop 251 and Cub Scout Pack 218, held their Blue and Gold Banquet March 7, in the grade school gym commemorating the 50th anniversary of Boy Scouts.

The colors were posted by Cub and Boy Scouts. The Pledge of Allegiance was led by Jim Yunker and group singing by Bob McDow. Roy Benson served as master of ceremonies. Rev. Robert L. Plastow gave the invocation.

Cub Pack 218 is sponsored by Orland Park Unit 526, the American Legion auxiliary, George Buckley, Cubmaster and Ed. Schweiger, assistant Cubmaster. They presented the following boys with awards for their achievements:

Bobcat pins to Scott Wright; Wolf badge to Charles Mueller; Webelos to Michael Clark and John Pour; Bear badge to Jerry Blummer, Gary Blummer, James Peterman and Hal Shroats; Lion badge to Marvin Blummer and Jack Whiteford. Arrow awards to Michael Clark, James Peterman, Larry White, and Gary Andersen.

The American Legion Post 526 sponsor the Boy Scout troop 251.

Ralph Town presented awards to Edward Schweiger, Jr. and Peter Merwin. Joseph Kaiser presented merit badges to Peter Merwin, Raymond Richard for perfect attendance.

Bob Town is Scoutmaster, Harry Richard, Assistant Scoutmaster and Jim Yunker Junior assistant Scoutmaster.

Joseph Kaiser spoke on cubbing and scouting. Ralph Town made a few remarks and comments were made by Ray Radeke, field scout executive Pokagon Trails Council. The colors were retired followed by the Scouters living circle.

Steve Sedgwick, Tim Sedgwick, Ross Smith, and Dave Johnson presented a n Indian ceremony, attired in Indian costumes, with the audience forming a circle around the boys.

Mr. and Mrs. Sigmund Smith, 108th ave., entertained at a dinner, Wednesday, March 11 in honor of Mr. and Mrs. Lester Sayers 35th wedding anniversary.

The Kenneth Bressler family who resided on 143rd st. have moved into their new home in

Brightwood subdivision in Mokena.

On Friday afternoon, March 5, Mrs. John Loeb and Mrs. Karl Ekberg made a surprise visit on Mrs. Dave Agate in honor of her birthday. They enjoyed cake and coffee. Later in the afternoon, Mrs. Harry Anderson called on Mrs. Agate and enjoyed refreshments.

Foster Myrick who was a patient in the hospital over a month, is home and coming along nicely.

Mrs. Wm. Horton, Red Cross fund chairman, announces that Mrs. Richard Yang and Mrs. Walter Merwin have been added to the list of volunteers for the drive.

Early Sunday morning firemen were called to the home of Mrs. Elsie Zerbs where there was a flash back in the oil furnace. There was no fire in the house, but the firemen waited until the oil had burned out.

Later they were summoned to the home of Remi Heynen, 10234 Huntington ct., in Orland Park Hills, where the wind had blown down the awning. The owner was afraid someone might get hurt, so the firemen helped to remove the awning.

Mrs. Melvin Doogan, Mrs. Ernest Bengtson and Mrs. Sherman Knox were elected on the nominating committee. Officers to be filled are vice president, treasurer, secretary of promotion, secretary student youth and children, supply secretary and status of women. Election will be held in June.

Mrs. Robert Plastow gave the devotion, followed by a film "North American Neighbors" in keeping with the study course "Concerns of a Continent" shown by Rev. Plastow. Cookies and coffee were served by members of the Esther Circle.

Tuesday, March 24, the Mary Circle of the Women's Society of Christian Service of the Methodist church will meet at the home of Mrs. Robert Kuykendall, 10204 Hawthorn Dr., Orland Park Hills, at 8 p.m. Members are urged to attend.

The Esther Circle will meet Thursday, March 26 in Wesley Hall at 10:30 a.m. Bring a sandwich and hostesses Mrs. Adele Cooper and Mrs. Lester Sayers will serve coffee and dessert.

There will be a candlelight service at 8 p.m. Maundy Thursday, March 26 in the Methodist church. Also communion service. Members and friends are invited to attend.

A united Good Friday service of the churches in Orland Park, Palos Park and Worth will be held Friday, March 27 at the Palos Park Presbyterian church, 123rd st. and 88th av. The service will be at 1 p.m.

Although the attendance was small at the regular quarterly meeting of the WSCS on March 12, plans recommended at a previous board meeting were passed.

Members were requested to keep these dates in mind: April 21, Father and Son banquet; April 29, spring rummage sale; May 7, Mother and Daughter banquet; and April 17, annual spring meeting of Chicago Western District to be held in Glen Ellyn Methodist church.

FLOOR PLANS FOR ADDITION TO MOKENA SCHOOL—The portion shaded with diagonal lines is the proposed new portion of Willow Crest school on Second street, west of Wolf road. When voters go to the polls in the regular school election April 11 they will be asked to approve an \$34,000 bond issue to meet construction costs and other improvements. The addition will contain four classrooms and a

multi-purpose room. The toilet facilities and heating plant that serve the original school are sufficient to meet the needs of the addition, it was stated. The Mokena grade schools are overcrowded, it was said, and next fall's enrollment is expected to be such that the gymnasium and stage at the Carpenter street building will have to be used for classrooms until the new addition is ready.

Homer

Special Services To Mark Holy Week Rites

By MRS. ELIZABETH
ANDERSON
Lockport 886W2

Special Palm Sunday service, including baptism, will be held in the Homer church March 22. On Maundy Thursday, there will be a service at 8 p.m. when communion and the reception of new members will be featured.

The Homer school club will meet at their regular monthly session tonight, March 19 in the school.

Mr. and Mrs. Leo Bokoski of 159th st. are the parents of a son, born March 5 in St. Joseph's hospital.

Mrs. F. J. Paddock, Mr. and Mrs. Jerome Paddock and Jerry visited Mrs. Bessie Reed in Evanston last Sunday.

The Robert Henry family are living in the home which Merritt Cagwin recently remodeled from the former Barnett school building.

The final meeting of the Lenten class conducted by the Rev. Mr. Mouthrop and the Rev. Mr. Hanson will be held at Lockport Congregational church on Friday, March 20, 8 p.m.

Residents of the Homer Fire protection district may now purchase auto stickers to aid in the fund for purchasing fire equipment from Fred Gebert, Ted Grimm, Frank Dunn, Ted Czimmer, Frank Townsend or Cook Lumber company.

Many Homer people attended the fourth annual awards program of the Lockport chapter FFA at the high school last Tuesday evening. Among those who received awards for special projects were Wayne Parker, Ed Termonde and Jerry Schuesler.

In a recent state contest, Susanne Burcham received a

monetary scholarship for the University of Illinois.

Bruce Anderson attended a Farm Bureau business session Saturday, at which time the members approved the sale of their present office building. They will occupy the offices until the new building is ready for occupancy.

Jack Loucks who is located with the U.S. air force at Okinawa, recently received a promotion which made him 'Airman' of his group. A mechanical inspector, he is the son of Mr. and Mrs. John Loucks, E. Seventh st.

Iris Filipowicz fell as she was starting on the Urbana trip Friday, and cut her heel quite badly. After receiving first aid from Mrs. George Burcham, she was able to resume the journey.

The Homer Men's club met in the town hall last Tuesday evening.

The Couples club were supper guests at Little Bit O' Sweden at Aurora Saturday evening.

Cheryl Sass played the role of Martha Brewster in the senior play, "Lavender and Old Lace" Friday evening, March 13, at Lockport high school. Several Homer people at-

tended the play.

Susanne Burcham, Iris Filipowicz, Edna Burcham, and Betty Anderson were in the group of Lockport high school science classes who made a field trip to Urbana Friday.

Mrs. Charles Cooke, Mrs. Frank Townsend and Mrs. Bruce Anderson served on the election board at the fire district bond voting last Saturday.

A recording of her performance, will be sent to Springfield for the state finals. The winner in that division will enter national competition.

Joan, 17, is the daughter of Mr. and Mrs. E. C. Beaman, 1825 Sayre, Tinley Park. A sister, Donna, is a sophomore at Bremen.

"I was surprised. That's the best way to describe it," Joan said after receiving the award in competition against entrants from Thornton Fractional of Calumet City, Thornton of Harvey, and Carl Sandburg.

Along with Dennis Phillips, senior, she received a key

and a certificate for previously winning the local contest at Bremen.

Bremen Beat

Joan Beaman, senior at Bremen Community high school, recently won a first place plaque for her oral presentation of her entry in the regional division of the "My True Security" contest at Homewood Village hall.

Her English teacher at Bremen is Katherine Nolan.

A cast of 28 students will participate in the senior class play, "The Thread That Runs So True," April 24.

Rehearsals for the play are under way.

The drama concerns the true story of the life of Jesse Stuart, mountaineer school teacher and noted writer.

The "thread that runs so true" is the dedicated teacher: "the needle's eye that does supply the thread that runs so true."

Patricia Bajt is director, assisted by Christopher Hawtrey.

Miss Bajt stated that the property committee is in need of a pot-bellied stove and 15 old-fashioned desks and that she would be glad to procure these items from interested persons.

The annual Boys' Club Father-Son stag will be held in the school gymnasium Friday,

March 20, from 7:30 to 11 p.m. Gymnasium activities and swimming for all fathers and sons at Bremen will be featured.

Activities besides swimming will consist of ping pong, volleyball, basketball, shuffleboard, and badminton.

Admission is one dollar per person, with all boys in school invited to come and bring their own adult guests also. Boys need not be Boys' club members.

Entertainment and refreshments will be highlights of the evening.

Lee Cox, sponsor, requested that all persons attending furnish needed equipment such as swim suits, towels, and gym shoes. (In the absence of gym shoes, it is permissible to participate in stocking feet.)

Wallace Carpenter is assistant sponsor.

Hilltop Theater To Begin Season This Week-End

Another sign of spring—and everyone hopes it will be a true one, is the announcement of John Shaffer, manager of the Hilltop Drive-in theater on U. S. 6, is to open for another season this weekend.

Mr. Shaffer said the theater will show the best films Hollywood produces during the coming season.

Until the weather becomes more stable, however, the Hilltop will be open only on Friday, Saturday and Sunday nights. It won't be many weeks, Shaffer said, until the theater is operating on full schedule, seven nights a week.

Equipment has been re-

bished during the winter and the plant is ready to go. Refreshments will be available and there is a playground for youngsters.

"Drive in theaters," Shaffer said, "offer relaxation and entertainment for the entire family. When one goes to a drive in there is no necessity of finding a baby sitter. Children under 12 are admitted free. And at the theater Mom is not called upon to perform household tasks and run errands for the members of the family as she is apt to do if she stays home."

Methodists Beat Zion for Tourney Title

THE NEWS-BULLETIN
Thursday, Mar. 19, 1959 Mokena, Illinois Page 5

Favored, Tinley Park Methodists won the basketball crown they lost a year ago. Led by tall Wes Landau and hot shooting Tom Jeffers, the Tinley Church league champs made it 15 straight wins—and no losses for the season.

Last year the Methodists were upset by an improving Tinley Teen basketball team, but this year they were out to leave no doubt as they raced away to a quick and impressive lead.

Zion Lutheran tried to pull the big upset, but was just outclassed.

Zion, which had won just one regular season game, got some real hot shooting and made the finals of the Tinley Park Invitational basketball tournament—only to have the door slammed rather hard in their face.

The Zion final was the easiest contest for the Methodists as they registered their 15th straight victory in the Tinley Church league games, 87-62.

Ken Webster and Wes Landau each scored four baskets as the Methodists roared away to a commanding 24-9 lead. Zion was never in the game.

However, after the disastrous first period the Lutherans gave real competition losing the last three quarters by three and four points. The 15-point margin in the first quarter was just too much.

The Markham Methodists turned on the points in the second half to beat Trinity

JIM CASEY, Zion's surprise, pushing a shot toward the basket—it went in. Ken Webster of the Methodists (22) has his hand on Wally Eggert's (11) arm of Zion Lutheran. Action was in Tinley Invitational Tournament. (Marvin Smith photo)

Lutheran for third place, and the consolation prize, 72-69.

Warren Schultz, Trinity forward continued his torrid assault on the nets with 23 points. This gave Warren a fantastic total

of 83 points in the three games—a per game average of 31. Both of these are new tourney records. Schultz got 37 points in the opener with the Worth Methodists.

George Ruml of the Worth five set a new tournament record of 41 points in the game with Trinity, topping Schultz in this contest.

The Tinley Methodists opened their quest for the first tournament crown by beating New Lenox Lutheran, 85-77. Wes Landau got 23 and Tom Jeffers scored 23 for the Methodists.

On Friday evening, the Methodists took Trinity into camp, 79-65. Schultz scored only five baskets in the contest. The Methodists tried stopping Warren by fouling him. He hit on 17 of 22 charity tosses for a total of 27—high in the contest. Jeffers got 18 for the Methodists.

Zion got into the finals with a blistering first half against the Markham Methodists. The Lutherans rolled to a 31-20 first half lead, getting surprise scoring punch from Jim Casey. Casey scored 19 points in the game. Jim did not get near this mark in the regular season.

After the first half, the Zion team hung on for the 53-52 exciting semi-final verdict.

Wes Landau, 6 ft. 6 inch Methodist center, was the undoing for Zion in its bid for the tourney crown. Wes connected on nine baskets and nine of nine charity tosses for his total of 27. Jim Casey continued his scoring spree with 17. Tom Propp was high for Zion with 18.

KEN WEBSTER, (22), Methodist, and Wally Eggert, (11), Zion Lutheran, watch the ball. What would you do on this rebound? It looks like Webster and Eggert are going to jump. (Marvin Smith photo)

Lashmet Aims for .500 Season in Baseball

Coach Joe Lashmet of Lincoln-Way feels that the season will be a success if his baseball team wins at least one-half of its games.

"I won't be a howling success," grinned Lashmet. "But with juniors and sophomores on the squad it will be a success."

Lashmet was already talking of his 1960 team. "We will have a team, barring accidents, next year," he said.

Last season the Knights had a record of four wins and nine losses. Lashmet had a team of sophomores then.

Joe thinks that Evergreen Park, defending SW Suburban League champ, will again be the team to watch. Oak Lawn should also be

rough, according to Lashmet's calculations.

"I believe that our team will do well this season, but the real answer will lie with the pitching of Jim McGuire and Don Carter. If Carter and McGuire do a respectable job of pitching for us — well, I won't predict how high," finished the Lincoln-Way coach.

Lashmet is certain on returning varsity catcher Jerry Hacheln. Jerry led the Knights' batters last season with a .308 mark as a sophomore. He expects Jerry to improve on that figure. Hacheln is already considered a fine defensive backstop.

"Skip" Kruzich and Jim

Gast are two returning infielders from last year's squad. Both of these lads are expected to increase their batting averages.

The only senior on the squad will be Terry Schroeder. Terry hit .150 last season. Schroeder and Les Osbourne have the inside track for outfield positions. Bob Hughes might be the other man to patrol the far pastures for Lashmet.

In addition to McGuire and Carter, Jerry Pipenbrink is being prepared for spot pitching. He is a junior and has shown considerable in early workouts at the L-Way gym.

Lashmet has not issued the call for the entire squad as

yet. Next week, he will probably get the first look at the incoming frosh.

LINCOLN-WAY'S 1959 BASEBALL SCHEDULE

May 14	 at Reaves
May 18-20	 Regional Tournament (Lemont)
May 21	 Evergreen Pk.

Backwood Trails

By ART SCHUMANN

Each year there are thousands of new artificial baits that reach tackle stores, all claiming to be the ONE bait that fishermen have needed for years. It is impossible to try all of them.

However, there are three new ones this year that are innovations for the fisherman. They are the new "Hot Pearl," Silver dinnow and the "Barnstormer" made by the Johnson company in Highland Park and the "Sonic" created by Heddon of Dowagiac, Mich.

The "Hot Pearl" has a rainbow hue and has reflective qualities that are exceptionally true to life. It closely resembles the silver minnow, is 100 per cent weedless, and snag proof and it casts like a bullet. This is an ideal bait if used with small pork rind trailer.

The "Barnstormer" is a spinner fly combination that will not foul, hook or twist the line. It is made in both spinning and casting weights and is an ideal trolling bait. It has a "ripple blade" spinner that works even at the slowest speed. It is a medium to deep runner and has all the life-like action of the real thing. It looks like the Johnson Co. has come up with two new baits that will compete strongly with their own "silver minnow."

The Heddon Company's new "Sonic" can be used in six inches of water or 60 feet, from top to bottom. This is done by three holes that cause it to run on the surface, at medium depths, three to ten feet, or deep as you have to go to hit bottom. Just change your line tie from one hole to another.

With each lure comes a booklet telling you how to catch fish on the "Sonic." Heddon's deluxe catalog includes a special introductory offer on this new lure open to everyone. The catalog costs just 25 cents. Let your skepticism about paying for a catalog, let us point out that this is truly a "fisherman's

Telephone Co. to Telecast State Cage Tourney

For the eighth consecutive year Illinois Bell Telephone Co. will sponsor the telecast of the state basketball tournament. Ten Illinois TV stations will carry the semi-finals on Saturday, March 21, beginning at 1 p.m. and the third place and championship games beginning at 7:30 p.m.

The sports-casting team will consist of Jack Dress, veteran of all previous tournament telecasts; Tom Kelly, Peoria sportscaster; and Mike Walden, Milwaukee sportscaster.

The quarter final games on Friday, March 20 will be telecast over two stations, WCIA, Champaign; and WTVH, Peoria.

Last year for the first time in tournament history a Chicago team, Marshall's Commandos, won the championship. They won 30 straight games on their way to the title.

Many television fans will recall the stellar performances of Herlin's John Tidwell, Mt. Vernon's Max Hooper, and Centralia's Dwight "Dike" Edleman as they watch their sets. Possibly they'll recall the outstanding team performances of tiny Hebron or unbeaten Taylorville and Marshall.

Whatever the reason audiences are bound to be entertained and thrilled by the 1959 edition of basketball's most exciting show.

Bible. It is full of fishing tips, a full color print of the white bass, suitable for framing pictures and details on most fish and salt water game fish, and a fisherman's poem that will really get you. Just write to Heddon, Dowagiac, Michigan.

Leonard R. Bushen
Mar. 12, 19, 26

ADVERTISEMENT FOR BIDS

The Village of Frankfort will receive sealed proposals for the improvement of approximately 2200 lineal feet of the WEST SIDE DITCH (beginning at a point approximately 350 feet North of Oregon Street and ending at a point about 125 feet North of the E. J. & E. Railroad right of way), until 8 P.M. April 6, 1959, at which time bids will be publicly opened and read.

Proposal forms and Plans and Specifications may be obtained from the Village Clerk, or from Mulford Engineering Service, Engineers, 33 West 16th Street, Chicago Heights, Illinois, by depositing the amount of \$5.00 for each set of documents so obtained. The amount of the deposit will be refunded to each bidder who returns the documents in good condition within ten days after the opening of bids.

All proposals shall be accompanied by a certified check or bid bond payable to the Village of Frankfort in an amount not less than 5% of the bid.

The right is reserved by the Village of Frankfort to reject any or all bids and to waive any informalities in the bidding.

LEGAL NOTICE

State of Illinois,
County of Will, ss.

I hereby certify that at a regular meeting of the stockholders of New Lenox State Bank, located at New Lenox, Illinois, held on the 8th day of January A. D. 1959, a quorum of said stockholders was present, and that the following resolution was adopted:

"Be it resolved that the present Capital of the Bank be and the same is increased from \$50,000.00 to \$75,000.00 by transferring the sum of \$25,000.00 from the present Reserves of the Bank into Capital, thereby converting the said sum of \$25,000.00 into 250 shares of Capital Stock of the par value of \$100.00 per share, and then distributing the said 250 to the present Stockholders of record in such a manner that it constitute a Stock Dividend of 50% of the

present Capital of \$50,000.00, whereby each Stockholder will receive his or her proportioned part in shares in relation to the total number of shares outstanding 500 shares, in each case being one-half share of stock for each share of stock now held of record."

And I further certify that this action was had in accordance with the provisions of an act of the General Assembly of the State of Illinois known as the "Illinois Banking Act", approved May 11, 1953, in force January 1, 1957.

I further certify that the capital stock of the said bank is divided into 500 shares of One Hundred Dollars each, that 425 shares were represented at the said meeting and that 425 shares, at least two-thirds of all the votes represented by the whole stock of such association, voted in favor of the above resolution.

Parents Will Visit Classrooms At Ann Rutledge PTA Meetings

By MRS. EMIL WILLE
Frankfort 3161

Following the Parent-Teacher association meeting March 9, at Ann Rutledge school, parents visited children's classrooms, which will become a regular procedure at future meetings.

Calvert Heath Jr. presided and opened the meeting with the pledge to the flag. Mrs. James Dixon read the PTA prayer.

The attendance award was won by Lloyd Alton's room.

New officers elected are Mrs. Charles Jones, president; Mrs. Donald Scates, vice president; Mrs. Larry Vaughn, secretary; and Mrs. John Tyler, treasurer. John Van Donk urged all to vote at the school board election to be held at the school April 11.

Floyd Martin, PTA subscription chairman, announced that all PTA families are subscribing to the magazine.

It was also learned that the 7th grade mothers will be in charge of the banquet to be given for the eighth grade and to be held in the school Saturday, May 23.

Two films on safety were shown. Hostesses were Mrs. Clinton Edmonson and Mrs. Rudy Urbano.

—
Mrs. Emereth Boyden has returned home from a trip to the southern states in company with her daughter, Donna, (Mrs. Casimer Wroblewski) and family of Gary, Ind. They visited friends and many points of interest during the two weeks, which included St. Augustine, Miami, Fort Myers, Bradenton, and Pompano Beach, Fla.

Mrs. Lester Whitaker and granddaughter, Leslie Dickinson of Gary, Ind., spent last Monday visiting with Mrs. Emereth Boyden.

The Auxiliary Police met March 15 at the home of Mr. and Mrs. Dwight Nicholson. Deputy Lee Rephard was present and gave a talk.

Mr. and Mrs. Robert Holzinger have returned from a nine day vacation to New Orleans, La., Vicksburg and Natchez, Miss., where they viewed the civil war battle grounds and burial grounds, and ante bellum plantations.

Guests in the home of Mr. and Mrs. Robert Holzinger last Saturday evening were Mr. and Mrs. Jerry Ray of Tinley Park.

Mr. and Mrs. Albert Swatek Sr. saw the "Music Man" at Schubert theater, Chicago, last weekend.

Barbara Machimes is one of 60 Methodist youth who are attending a citizenship seminar in Springfield March 10-13.

Twenty high school youth from each of the three Illinois Methodist conferences are in attendance. They view state government in action, learn more about responsibility as a Christian citizen, and discover how Methodist youth can deal with social problems and current issues thru personal influence and group action.

Highlights of the seminar include visits to the state legislature, a visit to the Illinois Supreme Court, luncheon with the governor, interviews with representatives, visits to various state departments, speeches by Samuel Witter, Chicago, prominent Methodist lawyer and political leader; Representative G. William Horsley;

and Senator Lottie Holman O'Neill.

Each youth attending the seminar invited his state representative to the luncheon on Wednesday noon in First Methodist church, Springfield.

CHRISTINE CABERE is teamed with Pat Boone, Tommy Sands and Gary Crosby in "Mardi Gras" for the feature offering for the opening weekend of the Hilltop Drive-In theater on U.S. 6 just east of Joliet. The theater will be open Friday, Saturday, and Sunday night of this week—barring a blizzard. The co-feature, "The Fiend Who Walked the West," stars Hugh O'Brian.

Cards of Thanks

CARD OF THANKS

KNEPPEL - WILLIAM L: It is impossible for us to express in words our heartfelt thanks for the wonderful way in which our relatives, neighbors and friends came to our assistance at the death of our beloved father and grandfather. May we express heartfelt thanks for floral tributes and memorials. We also wish to thank Rev. Erich Bizer for his comforting words, and all so the singers and organist.

Mr. and Mrs. Roland Knippel and family
Frankfort

CARD OF THANKS

I wish to extend my thanks to all friends and neighbors, who visited and remembered me during my recent illness, and for all the "Get Well" cards.

John Fahrenholz
Tinley Park

CARD OF THANKS

I want to thank friends and neighbors for cards, gifts and many kindnesses extended to me during my illness and stay in the hospital; also Pastor S. E. Waldemer for his visit.

Frank Kovar Sr.
Frankfort

CARD OF THANKS

We wish to thank our many friends, neighbors and relatives for their sympathy and kindness extended to us at the time of the death of our husband and father, John Gal-

lagher; also to Frs. Koop, Fitzgerald and Pethes and the Sisters of St. Mary's church for their comforting services and for the floral offerings, spiritual bouquets and cards.

Countryside News and Views

By WILLIAM F. WHITESIDE

The window display contest held for 4-H Club members during National 4-H Club Week, was quite successful. There were 64 entries in the entire county, with 33 of the entries being in South Cook. The judges picked five windows to be awarded ribbons, and three to be given honorable mention. Those receiving ribbons are: Do R Best, 4-H Club, leaders Mesdames E. Stader, E. W. Mueller and P. Uther; Helping Hands, leaders Mesdames L. Bauman and N. Schulten; Peppy Park Forest, leader Mrs. Wilma Miller; Tinley Builders, leaders Mr. and Mrs. Earl Stenson; North while leader James Mulderink. The following received honorable mention: Alpine Girls, leader Mrs. H. Stellwagen; Clover 4-H, leader Mrs. R. Healy; Needles & Kettles, leaders Mesdames A. Holding, E. Mischka and H. Veldhuizen. The theme of National 4-H Club Week was: "Salute to

By W. F. WHITESIDE

4-H Alumni." 4-Hers in this area are very proud of the record of C. L. Mink, Jr., of Flossmoor. Mr. Mink was named as one of the eight national winners in the Alumni Recognition program.

The South Cook 4-H Rally was held last week at Carl Sandburg high school. Everyone enjoyed hearing Marilyn Nickel of Elgin, report on her visit to Austria.

4-Hers attending the rally were appreciative of the efforts of the Carl Sandburg 4-H Club for the decorations placed on the stage. Our thanks to Charles Moore, leader Walter Reeves, Russell Bettenhausen and other members of the Sandburg club.

You can see a world of science in action at the 1959 University of Illinois College of Agriculture Farm and Home Festival. "Research for Tomorrow" is the theme and you

will find plenty to see and do, regardless of whether you live on a farm in town, or in the city. Why not plan to spend some time at the Festival on the U. of I. Campus at Urbana, April 2, 3 and 4?

Prospective College of Agriculture students are invited to attend Ag Student Guest Day during the Festival, on April 4. Registration for student guests will begin at 9:00 a.m. at Gregory Hall. Some of the topics to be discussed include admission to the college costs and scholarships. You will also get information on opportunities in agriculture, and have a chance to ask questions about college life.

According to U. of I. agronomists, it is especially important this year to test oat seed for germination. The reason is that much of the oat crop was harvested during wet weather last year. There is no point in planting oat seed that won't grow.

HAND HOLDING is a part of his business, the fingerprint expert (Fred Kiesler, Mokena) is telling Geriann Hull, also of Mokena, who has a role as one of the sinister spinsters in "A Bull in a China

Shop," a mystery drama to be staged by Lincoln-Way seniors tomorrow and Saturday nights in the school auditorium. (Lincoln-Way photo)

Pow-Wow for Cub Scout Leaders To be Held at Hammond March 21

Reservations were due Monday, March 9, for the annual Cub Scout Leaders' Pow Wow, Pokagon Trails Council, to be held Saturday, March 21, from 10 a.m. to 4 p.m., in the Hammond Civic Center.

Reservations form and registration fee of \$1.25 are to be sent to the Council Headquarters at 5217 Hohman ave., in Hammond. Check is to be made payable to Robert F. Duncan of Schererville, general chairman of the Pow Wow. Registration fee includes lunch program materials, literature and facilities.

There are 2,000 Cub Scout leaders for the 6,400 Cub Scouts in the 41 communities of Illinois and Indiana, served by Pokagon Trails Council. Leaders include 975 Den Mothers and 1,025 men Scouters, with 125 Cub Scout Packs in the council.

Duncan said Cub Scout Leaders attending the Pow Wow will receive credit toward the Scouters' key, Scouters' award or Den Mother's award. Den mothers, Den dads, Committeemen, Cubmasters, and prospective Pack leaders

may register for any one of five activity sections:

1. Webelos den leader training-Den leadership, Webelos den program planning, tools and available helps, parents, graduation etc.

2. Pack administration-Pack management, leadership, records, budgets, program planning, parent participation.

3. Ceremonies, skits and stunts. Importance of ceremonies and recognition, ceremony equipment, recognition suggestions, fun filled skits and stunt ideas, songs.

4. Games-learning to play and to direct indoor and outdoor games, Game Chests, games and monthly themes, den and pack games.

5. Handicrafts. Crafts related to Cub achievements, monthly themes, and preparing the den meeting place.

The Pow Wow will have exhibits, of handicraft projects and a midway of games from every Cub Scout Pack in Pokagon Trails Council. "By each Cubber and Pack sharing with the other Packs successful projects and ideas, the Pow Wow will achieve its purpose," according to Duncan. "Materials and ideas can then be shared by all at the next monthly Pack committee meeting."

The Pow Wow committee will operate a trading post for sale of the latest literature related to the Cubbing program, craft supplies and program helps, and for display of Cub and adult leader uniforms, insignia and optional equipment.

Fertilize Trees And Lawns Now Before Growth

By JAMES FIZZELL
Assistant Farm Adviser

Established trees, and lawns benefit from fertilization before active growth begins. When growth begins, the nutrients from the fertilizers are then immediately available for uptake and use by the plants.

Although liquid feeding is usually more desirable for feeding trees than dry feeding, most gardeners do not have the equipment necessary. To get the most effective use of dry fertilizers on trees, the fertilizer should be placed in the soil rather than on top. With a soil auger or pipe, punch holes in the ground around the tree. The holes should be about one foot deep and should be spread about two feet apart in circles around the trunk of the tree. Begin the smallest circle two feet from the trunk, and make the largest circle as large as the spread of the largest branches.

The amount of fertilizer to use depends on the size of the tree. A good rule of thumb is to apply 1½ pounds of 10-10-10 or a comparable fertilizer per inch of trunk diameter on small trees, and three pounds per inch of trunk diameter on trees larger than three inches in diameter.

Fruit trees growing in the lawn should be treated the same as shade trees. If there is no grass under the fruit trees, the fertilizer can be broadcast on the ground under the tree.

The amount of fertilizer to use on fruit trees depends on the age of the tree. On trees up to five years old use 4 pounds of 10-10-10 per tree. On trees up to 15 years old use 10 pounds per tree, on older trees use 20 pounds.

Lawns should be fertilized with a good lawn fertilizer of such as 10-10-10 or 10-8-6, at the rate of 15 pounds per 1000 square feet of lawn. 10-10-10 or 10-8-6 is the analysis of the fertilizer. Many different brands of fertilizer carry these analyses. The analysis is the guaranteed percent of nutrients in the fertilizer and is printed on the bag of all good fertilizers. The numbers represent the percentage of nitrogen, phosphorus, and potas-

4-H NEWS

ORLAND BOYS

The Orland Boys 4H club met March 2 at Maue school with 17 members and the leader, Mr. Mrosek present.

John Stellwagen, president called the meeting to order with the pledge to the flag. Minutes of the last meeting and the treasurer's report were given by Melvin Yunker.

Plans were made to place a 4H sign on the Richard Erickson farm.

Larry Turray was accepted as a new member.

Demonstrations were given by Ronald Sons on Batteries, and one by Rodney Krieterm on Treating Vegetable Seeds. Arthur Maue told of being on WGN-TV recently with other South Cook 4-Hers.

Next month's demonstrations are to be given by Roy Bettenhausen, Arthur Maue and Lawrence Lauffer. Refreshments by Arthur Maue.

The meeting closed with the pledge to the 4H flag.

Refreshments were served by Robert and John Stellwagen.

Rodney Krieterm, reporter.

PTA News

Orland Park Unit

A Father-Son basketball game and carnival event, is planned by Orland Park PTA for a fun filled evening at Orland Park grade school, Saturday, April 4.

Fathers will meet in school gym Thursday evenings at 7 to practice basketball and to plan their strategy, for the forthcoming game. All fathers interested in playing are asked to come out for practice Thursday evening, March 19, or call Charles McKinley at Fieldbrook 9-3451.

Fun night committee of Mesdames Eugene Paschall, chairman, Otto Kettler, Chas. Weist, Earl Enders, Roland Roth and their many helpers are working hard to make this event a gay and happy time for school families and their friends.

Proceeds are for a hot lunch program for the grade school.

School Board Plans New Building; To be Financed With State Funds

By EVELYN VAN HORN
SYcamore 8-8921

At the regular meeting of Board of Education last week, a letter was read authorizing the construction of an eight room school building under the same plan as the building now being finished. A referendum similar to the one held last year prior to building of the first building must be held to get the approval of the voters. The state advances the money; the district pays the state back in 16 years without interest. The board will hold a series of meetings to explain the needs of the schools and to give further information on the referendum. The PTA is offering assistance by sponsoring a meeting March 25, to give the public information concerning the referendum which will be held April 11. In addition to this meeting, a series of "coffee" are planned. Anyone wanting to have a "coffee" with board members present to answer questions may call Mrs. Reece Davis.

The board also voted to have District 160 participate with 17 other school districts in South-west Cook county for the cooperative establishment of special education classes. The purpose of this cooperative effort is to effectively bring together all data and establish classes where special classes are needed and physical facilities available. It also is intended to avoid duplication of efforts in establishing classes and in placing youngsters needing special education when such is not available in own district. This cooperative plan will assist in reducing per district cost in this type program. This program has been made possible by recent legislation and there is a considerable need since few such classes exist in south Cook county so it is fortunate this legislation passed.

The board discussed teachers' salaries and altho the evaluation of 1959 assessment has not been announced and the board if not in a position to know its financial status; it is the intention of the Board to review and adjust teachers' salaries when the financial condition is known.

The board has accepted the report of the policy and procedure committee establishing the second Monday of each month as the regular meeting date of the Board of Education.

Supt. Zenon Sykuta, has been offered a three year contract by the board, which he has accepted.

City Council Meeting

At the regular meeting of the city council last week, approval was given two performance bonds presented by the J. E. Merriam Co., one for a portion of Unit VI, amounting to \$66,000 and the other for Unit VII for \$80,000. A resolution

agreement to be entered into by the city council and the J. E. Merriam Co. in which the Merriam Co. agrees to the completion of improvements according to plans and specifications for a portion of Unit VI and all of Unit VII.

Alderman Nally will investigate fire and liability insurance on the new city hall and report back.

An amendment to the subdivision ordinance, proposed at the last council meeting, was acted upon and passed at this meeting. The amendment provides that if the Planning and Zoning commission approves of a final plat by a 2-3 vote of its membership, the city council may approve it by a vote of not less than 3/4 of the aldermen. If the planning and zoning commission approves plat with conditions, the city council may give approval by a majority vote, except as to these conditions. A three-fourths vote of the council is required for approval of the conditions.

Should the planning and zoning commission fail to submit its recommendations to the city council within the time limits specified in the Subdivision Ordinance (20 days), the Council shall have absolute authority to approve such plats.

The Council will have polling places set up by the next meeting and are still in need of judges for the election.

The building commissioner has a city phone now. Anyone wishing to contact Ottmer Becker may call SY 8-3097.

The animal control warden will receive compensation for the gas and oil used while on duty.

PTA
At the PTA meeting tonight, March 19, at Thomas Lane school, the film "Medicine Man", dealing with food fads, will be shown. Dr. Reece Davis and Dr. William Ramseyer will be the guest speakers.

The PTA investigated the water situation in Country Club Hills. Mrs. Phyllis Hunt, chairman of the health committee, was in charge of this inquiry. She talked with James Lanigan of the Water and Sewer Co. and he explained as follows: The water of Country Club Hills is pumped from a well thru tanks and softened similar to the method used in home softeners. Chlorine is the only other agent added to our water. The PTA committee has discussed fluoridation and has decided that due to the added expense to the taxpayers, no further action will be taken at the present time.

Homeowners Association
The regular meeting of the Homeowners Association was held on Tuesday, March 10 at the Thomas Lane schools.

The bylaws were amended to read that a quorum would constitute 33 1-3% of delegates instead of the 50% as now required.

The election of new delegates to the Association should be held not later than March 31 in Units I and II. The senior delegate will send out written notices notifying his block of the time and place the election will be held.

A new card index system has been purchased and the cards will be punched by the individual organizations as their needs require.

A report presented by the trustee of the fire protection district was discussed. This report stated the financial needs of the district. The Association voted to give the district financial aid in the amount of approximately \$4,480.86.

A report was made by the social committee on the dance to be held April 11 at Saenger hall, Tinley Park. All delegates to the Homeowners Association have tickets for sale.

A motion was passed to spend \$300 to pump the water out of street ditches.

Girl Scout Cookie Sale
The Girl Scouts in Country Club Hills are selling cookies door to door. This drive, an

Hickory Hills Sewers

Sanitary District Balks at Extending Line

A Hickory Hills delegation has been assured the Metropolitan Sanitary District this year will start construction on an \$300,000 interceptor sewer to drain the village's proposed sewer system.

But district trustees Thursday refused to commit themselves with an answer to what was termed the delegation's \$34 question: How to finance the village's local sewer system—by special assessment or with revenue bonds?

Under the assessment plan, all property owners even those holding vacant land—would pay a proportionate share of the

annual occurrence, will continue until March 25. The cookles will be delivered on April 8. Other years the Brownie scouts have been included in this drive but this year only the intermediates will participate.

Fire Department

The spring training session is about to get under way and Chief Daniels announces that any men interested in joining the department may apply at the fire house, 182nd and Patrick, Sunday, March 22, 11 a. m. to 1 p. m., Wednesday April 1, 7 to 9 p. m., and April 8, 7 to 9 p. m. Men working nights or rotating shifts are especially welcome.

Woman's Club

Mrs. Dell Forsgren and Mrs. John Thomas, representing the Woman's club of Country Club Hills, have been asked to help serve during the autograph party to be held Friday and Saturday, March 20 and 21 at the Book and Gift Shop in Homewood in honor of Dr. Christopher Garriot's new book.

The club has also been asked to participate in a table setting contest sponsored by the Rau Store in Chicago Heights May 11 thru 16. The club has been assigned to the stag buffet table. Mrs. Thomas asks all women who have a talent or knowledge or are interested in table setting, to contact her. The club has been given an appointment at the store for Friday evening, March 20, to pick out the table accessories they want to use.

United Christian Church
Choir practice will be held Friday this week, due to PTA.

A Maundy Thursday candle-light communion service is being planned for 8 p. m. on March 26, commemorating the Last Supper. All friends in the community are invited to attend.

Union Good Friday services in the Homewood Presbyterian church are being supported by the United Christian church. The service will be from noon to 3 o'clock, the approximate time our Lord was upon the cross. The Rev. Wendell Pew will be one of the speakers.

The Youth Fellowship meets Palm Sunday evening, in the parsonage at 5 o'clock. They are making further plans for their Easter breakfast, at 8 o'clock Easter morning in the parsonage. Plans are then for the group to attend the early service at 9:30.

The first meeting of the newly formed Couples club (not the official name) was held Saturday evening at the Flossmoor Community House. The lunches were shared and coffee furnished for all.

Talent Night
The "Talent Night" show held at the Flossmoor Community House was a huge success. Donna Schwenk, Kitten White, Buffie White and Sandra Van Horn were cute little dolls who did a doll dance. Ted "Elvis Presley" Kraeff was at his best as were Joe Timmerman and Scott Deem in their Dr. Kill-Patient skit. The western dance by six of the Junior Christian Fellowship group Scott Deem, Kitten White, Patty Ferguson, Gary Van Horn, Rusty Raddatz and Patty Pance, Michael Etheridge and Buffie White, was very good. Reva Hoewing's pantomime of "Rufus Rastus Johnson Brown" was a terrific number. Gloria Armistead's "Dinner is On" made us think of home and the "Sonny Boy" number by Mr. and Mrs. Charles White were hits.

Three "tots" Don Schwenk, Bob Landeen, and Charles

White, complete with racing sheets gave us a musical run down on the horses. Solos by Mrs. Wendell Pew and Carl Timmerman added much to the evening. The Youth group were the last on the program and gave a resume of what happens at their meetings. Mrs. Charles White, who was mistress of ceremonies and in charge of the show, deserves a bow for a job well done.

Personals
Mrs. Dahl Adler, Robert Adler's mother, after her stay in the hospital is staying with her son and family in their home, 4421 W. 185 Pl., while recuperating from a slight stroke.

Mrs. Norman Olson and Mrs. John Thomas attended a tea at the Rau store in Chicago Heights last Wednesday.

A "get acquainted" breakfast was given by Mrs. Ray Galiga, 17815 Baker for Mrs. Robert Wood on Monday, March 9. Those enjoying the muffins and coffee were Mrs. Robert Hancock, Mrs. Charles White, Mrs. Donald Schwenk, and Mrs. Charles Van Horn.

Mr. Clayton Ammondson, 4420 W. 177th Pl., is home again after major surgery at Ingalls Memorial.

Major surgery was performed on Mrs. John Mills, 4510 W. 177th Pl. at Ingalls Memorial. She is home now and feeling well.

The Alpha Chi Omega Alumnae association is holding a benefit bridge party for handicapped children. This benefit will be held Saturday afternoon, April 18, at 1:30 at the Lincoln Heights restaurant, in Chicago Heights. Dessert and coffee and bridge. The theme of the benefit will be "Spring Bonnet Bridge." Anyone wishing to make up a table of bridge or further information, may call Mrs. Loran Nordgren SY 8-6352.

Candidates for Mayor
James A. Nally, Jr., resides at 1781 Anthony. He is currently an alderman. He attended Boston university. One of the organizers of the Suburban Life party which is endorsing him for candidate for Mayor. Married and has three children. He has spent much time and effort as an alderman for the city.

William Marquardsen, resides at 4720 W. 182 Pl. Married and has four children. He is a manufacturing engineer for Hotpoint. Has been active in many civic organizations.

"Those who remember the past with a clear conscience need have no fear of the future."—Mendon Disposition Times

"Opportunities always look bigger going than coming."—Auburn Citizen.

"The sports car has now been defined as a four-eyed, two-horned, pink and purple ethy eater."—McDonough Times

problem is concerned. Montessor said the village is ready to advertise for bids on its local sewers within 90 days "if we have no objections."

The metropolitan district's interceptor for Hickory Hills is "one of our most urgent projects" said Horace Ramey, chief engineer.

The big sewer will be installed under Roberts road from the Calumet-Sag channel north to 99th street. For much of the 2-mile distance it'll be a 36-inch sewer, but at the channel the diameter will be five feet.

This will allow later con-

nection of laterals leading to Worth and Chicago Ridge, Ramey said. The Worth project is mapped for the "near future" while extensions to Chicago Ridge is a matter of a "couple of years," Ramey said.

District trustees balked at a Hickory Hills proposal that the Roberts road interceptor be constructed perhaps a mile beyond 99th street northward into the village.

"We can't help subdividers make money," Griglik pointed out. "The law doesn't permit that. Our interceptors are brought in to service local sewers once they're built."

County Board Approves Speed Limits for Suburban Roads

Speed limits for 33 zones on 16 south and southwest suburban roads have been approved by the County Board.

The list includes five speed zones in a 12-mile stretch of Ridgeland avenue in Bremen, Worth, and Rich townships, and six speed zones along 9.2 miles on 167th street in Bremen and Thornton townships.

Other roads involved in the latest list include Burnham avenue, Midlothian turnpike, Monro road, Narragansett road, Olympian Way, Thornton road, Smith road, and Walker road. Also, 91st, 103rd, 139th, 143rd, and 183rd streets and 100th avenue.

Posting of the new maximum speeds is awaiting final approval from the state. County highway department engineers recommended the new limits on the basis of traffic studies conducted last year. Thus far, the county has set new speed limits for about 425 of the 650 miles of roadways under its jurisdiction.

Among the local highways, all county roads, sections involved, and speed limits the state is asked to approve, are:

Three sections covering 3.5 miles in Bremen township: from 143rd street to point 1 1/4 miles northeast of 143rd st., 45 mph. From points 1 1/4 miles to 2 miles northeast of 143rd street, no speed limit, a transition zone between speed zones. From point two miles northeast of 143rd street to Rexford road, 25 mph.

From 147th to 135th sts., Bremen township, 55 mph. From 135th st. to Cal-Sag rd., Worth township, 45 mph. From Cal-Sag road to 111th st., Worth township, 40 mph. From Steger road to 183rd st., Rich township, 55 mph.

91st st., from Cook-DuPage road to Wolf road, 1/2 mile in Palos township, 50 mph.

100th ave., (West st.), from 143rd to 153rd sts., 1.2 miles in Orland Park, 40 mph.

139th st., from Crawford to Western ave., a distance of 2 miles in Bremen township, 35 mph.

143rd st., from Bachelor Grove road to Midlothian turnpike, 1 mile in Bremen township, 45 mph.

Public Utility To Serve All of Country Club Hills

The Illinois commerce commission has issued the 183rd and Cicero Water and Sewer company a certificate to serve all of the city of Country Club Hills.

The public utility, now serving a section of the new city, has mapped a \$470,000 expansion program for all land within the city limits.

Data submitted included estimates of \$303,952 for extension of sewer facilities and \$166,817 for water facilities. The water and sewage systems, with extensions when

needed, are designed to serve ultimately 4,000 homes, said Harry F. Shea, utility company president.

"Is a bank loan a favor to the borrower?"

No, indeed! Credit is part of a bank's stock in trade, so we are as eager to extend it by making loans as a merchant is to sell goods. Of course, we do not sell funds, but merely sell their use. Since the money belongs to our depositors, we must use care in granting a loan. But the prospective borrower of good credit standing should no more hesitate to request a loan from us for a sound purpose than he would hesitate to buy something needed. See us about your credit needs: You're welcome at our bank any time!

Grade School Band Soloists Win Many Firsts in Music Contest

By KATHERINE HEISNER
Frankfort 5187

Perry Friedman, director of the Frankfort grade school band, stated that the soloists in the band did a 'bravo job' during the contest at Westmont Saturday.

Winners of first place as soloists were: Mary Ann Otto, Sandra Logan, Bruce Ebert, Suzan Krusemark, Martha Otto, Judy Larson, Juanita Hansen, Norma Jean Smith, Gary Anderson, Russell Batson, Sandra Harwood, Roger Lehnert, Terry Logan, David Carlson, Kim Osmus, Richard Osmus, Nancy Smith, Holy Mossell and Rene Mowatt.

The clarinet quartet composed of Mary Otto, Juanita Hansen, Sandra Harwood and Sandra Logan, received first honors along with the woodwind trio composed of Judy Larson, Norma Smith and Martha Otto.

The clarinet duet played by Diane Reils and Rita Schinkow ski received a second place medal.

The band will participate in the contest for bands as a whole, Saturday, March 21, in the Rockdale school. They will play at 11:40 a.m. Everyone is invited to attend.

Mr. and Mrs. Ervin Schell have entertained guests at dinner Sunday in honor of her birthday. They were Mr. and Mrs. James Lind and family of Tinley Park, Mrs. Conrad Mark Jr. and daughter Linda of Manhattan, and Mrs. Clara Rauch. Later Gloria Carlson joined them.

Mr. and Mrs. Alva Smith and family have moved to their new home recently built in Lincoln Estates.

Methodist Church News
Next Sunday the Confirmation class will be received during the regular morning worship service at 10:30 a.m. with the Rev. Ben F. Day officiating. The class members are Miss Norma Jean Haakinson, James Heisner, Marvin Lehnert, James Nicholson, Herbert Grotevald, Michael Urbano and Thomas Heisner.

Dr. and Mrs. Irving Rudman entertained the following dinner guests at their home Tuesday evening: Mr. and Mrs. Donald Green, Mr. and Mrs. Burton Breidert, Mr. and Mrs. Albert Krusemark, Mr. and Mrs. Paul Lambrecht and Mr. and Mrs. Howard Osmus.

Tuesday evening Dr. and Mrs. Rudman and Dr. and Mrs. Merle Otto attended a theatre play in Chicago.

Dr. and Mrs. O. J. Novota spent Saturday evening with her parents, Mr. and Mrs. Herman Boettcher who were celebrating their 30th wedding anniversary.

Mary Sue Krusemark was the honored guest when 11 classmates were entertained in honor of her twelfth birthday Sunday afternoon. They went to see a movie at Park Forest then had supper at Arch Inn, returning to the Krusemark home for the evening.

St. Peters Church Notes
Confirmation services will be held next Sunday at 10:30 a.m. with the Rev. Erich Bizer officiating. Members of the class are Marilyn Ann Deist, Juanita Mae Hansen, Norma Jean Smith, Judy Elaine Larson, Rose Mary Lane, Betty Gail Mitchell, Lawrence Edward Zollner, Peter James Burns, Gary George Baughan, Richard Dale Osmus and Larry Lane.

The last Lenten service will be held Wednesday evening at 7:30 p.m. A movie on "The Shield of Faith" will be shown.

Mason Calls U.S. Spending Menace

By Cong. N. M. Mason

Uncle Sam is not only a free spender, he is a free lender as well. Free spending has caused him to go in the red to the tune of \$285 billion. Free lending has obligated him to the tune of \$91.9 billion — \$21.8 billion in direct loans and \$70.1 billion in insured or guaranteed loans.

Uncle Sam will soon run out of credit at the rate he is going and then will come the GREAT CRASH. Other nations have had to go thru the wringer; why not Uncle Sam? History repeats itself, we are told.

Nixon vs. Rockefeller
The battle is joined between Nixon and Rockefeller as to which is to become top Republican in 1950. Vice-President Nixon is backing up President Eisenhower in his efforts to cut expenditures, establish a balanced budget, and thus lay the groundwork for a cut in Federal taxes.

Nixon has been appointed as top man on the newly created "Cabinet Committee on Government Activities Affecting Prices and Costs." This committee will soon be talking louder than the White House on the causes and cure of inflation. Nixon will, therefore, be before the public in

a big way as the exponent of conservative Federal spending. Rockefeller's first act as Governor of New York was to propose the highest budget in the history of his state — a \$2 billion plus budget. That spending program was accompanied by a demand for the biggest tax increase ever asked of the New York legislature — a \$277 million increase.

Nixon has identified himself with the policy of conservative public spending. Rockefeller has identified himself with the policy of free public spending, accompanied by higher and higher taxes. This should offer a clear-cut choice for the Republican party to make at their next National Convention as to which man should be selected to carry the Republican banner in 1950. Rockefeller will appeal to the free spending Modern Republicans while Nixon will appeal to the conservative Taft Republicans.

Interesting Comparisons
In 1913, Congress passed legislation providing for an income tax upon both persons and corporations. The first year that tax brought into the U. S. Treasury \$80 million — millions not billions. This was an average tax load of

ren. Anderson and daughter, Karen of Frankfort spent the weekend with Mr. and Mrs. Donald Hoffman at Urbana.

Mr. and Mrs. Harold Scheer and daughter Barbara and Mrs. Sophia Bettenhausen of Chicago returned home last Friday evening after a two week vacation in Florida, where they visited with Mrs. Scheer's mother, Mrs. Frieda Schroeder, at Tampa and various other places of interest.

Mrs. Lloyd Schmidt entertained her pinocle club at her home Wednesday afternoon.

"An American has more food to eat than the resident of any other country — and more diets to keep him from eating it." — The Ava Citizen.

Green Garden

Hold Election On Proposals to Build Schools

By KATHERINE HEISNER
Frankfort 5187

All voters of Community Unit School District No. 207-U are reminded that the election to vote on proposals to build additional grade schools and to increase both the educational and building maximum tax rate limits will be held this Saturday. Voting will be from noon to 7 p.m. at the same four precincts previously used.

Building plans provide for four classroom schools, identical in construction and facilities, at both Green Garden and Wilton Center, and a 14 classroom school at Peotone. Each structure will also contain a small kitchen, toilets, and an all-purpose room designed for use for physical education, lunches, indoor play in bad weather, dramatic events and community gatherings.

Mrs. Harold Ullrich and daughter Lou Ann, Mrs. James Gardner of Joliet, Mrs. War-

Cook Co. Board Studies Bids for Paving Roads

(CNS) The County Board has opened bids for paving of four roads in Bremen township and five in Orland township.

The pavement will be 16 feet wide with the bituminous surface treatment covering a crushed stone base.

Apparent low bids were submitted by Seneca Petroleum company (\$9,921) for the Bremen township project, and Carlson Asphalt company (\$7,884) for the one in Orland township. All bids are under study.

Sections of roads involved in the projects are: Bremen township: Laramie avenue, from 147th to 149th sts., a distance of 1,302 feet.

Kenton avenue, from 147th to 151st sts., 2,622 feet. Kilbourn ave., from 151st st. to Waverly ave., 1,558 feet. Campbell ave., from 153rd st. to the village limits of Markham, 3,820 feet.

Orland township: 92nd ave., from 136th to 138th st., 1,366 feet. 136th st., from 92nd ave. to Elm st., 383 feet; 138th st., from 92nd ave. to Elm st., 424 feet; Overhill ave., from 171st to 173rd st., 1,304 feet; Oriole ave., from 171st to 173rd st., 1,304 feet.

The Tinley Park Sewer

The Tinley Park sewer question has been kicked around now for more than a year but it is beginning to look as if it will be resolved in the not too distant future. We sincerely hope so.

Tinley Park is in need of a sewer system. In fact such an improvement is a necessity if the community is to progress and develop.

The FHA decreed sometime ago that it would not make loans on Tinley Park housing until sewers were installed. And you may be sure that industrial firms looking for plant sites will pass Tinley by until there is a central sewer system with which they can connect.

The village board is now ready to proceed with the program. Its engineer, Walter Wilson, has completed the preliminary plans. Details for the financing have been worked out by Benjamin and Lang, a Chicago bond house.

It is estimated by experts in that field that the water user in Tinley who uses 20,000 gallons or less a quarter will pay an additional \$6.80 a year for water, plus \$30 for sewer service, or a total of \$36.80 more than he is now paying annually for water alone.

Water department figures show that out of some 1,300 users in 1957, there were 905 who used less than 20,000 gallons a quarter.

The average charge per household in Tinley Park, for both sewer and water should be within \$60 a year or \$5 or less a month.

Such a charge is reasonable in comparison with those in communities similar in size to Tinley.

The estimated total cost of the sewer system is given as \$1,475,000 by the engineer. Mr. Wilson is an experienced engineer who has planned numerous sewer systems and supervised their installation. He has done some of this work in the past year and so should have a practical and working knowledge of contractors' costs and methods.

We believe that his estimate will be close to the mark and for approximately 20 miles of sewer, it appears to be in line with sewer work that is going on or being planned in the area.

Plans for financing the program call for issuance of water and sewer revenue bonds. This means that a part of the revenues realized thru the sale of water and sewer service to homes, business houses and industry, will be used to meet interest and principal payments on the bonds. The remainder of the revenue is used in the maintenance and operation of the system and building up a reserve to serve as a cushion in the event of some future situation that might affect payments.

A sewer system should be considered solely from a standpoint of health and convenience. It's not worth much to one unless one used it. And certainly a sewer pipe running from a home to a lateral system is not worth a dime unless the lateral system is operating.

There are some laterals in some of the newer sections of Tinley Park that now empty into a creek. This is a violation of state and county health laws.

When Tinley Park installs a sewer system, including interceptors that will pick up the sewage from laterals that now dump their contents in the creek or ditches, said laterals will become valuable. Right now they are a liability that could cost the owners and the village considerable money if the state and county should get tough.

There are some persons who would have the program financed thru special assessment bonds but they are decidedly in the minority as most people realize that such financing is

too expensive.

In the first place there is no market for special assessment bonds, speaking in a broad sense. Once they were widely used by cities and villages in paving streets or installing sewer and water mains. Such bonds constitute a lien on the real estate benefitted by the improvement and a look at the books in the county recorder offices thruout the state will show that many titles are fogged by unpaid special assessments.

Special assessments took a dive in the depression of the '30's from which they have never recovered. About the only use they are put to today is to finance improvements in wealthy neighborhoods where the property owners pay the entire assessment as soon as it is levied or for small improvements where the contractor is willing to take the bonds.

The only trouble with contractors taking the bonds is that they either have to hold them 10 years and hope all the householders pay up in full, or find someone who will gamble and buy them. To sell them, however, the contractor must offer them at a tremendous discount, sometimes as much as 40 per cent.

This means then that the contractor's price for the work must be jacked up accordingly so that he doesn't lose money on the job. Installing public improvement thru special assessments today is a luxury that few people can afford. It would be too much of a luxury for Tinley Park.

A few persons are against revenue bonds because, they say, the owner of the vacant lot escapes paying anything on the sewers as long as the lot remains unimproved. This is easily taken care of and we have been assured that Tinley Park intends to do just that. A connection fee can be established by the village, say \$125 or \$150, that must be paid, plus interest, when a vacant lot becomes improved and the building hooked up to the sewer. In this way the vacant lot owner will be paying as much, maybe more, than the person who is ready to make connections now.

There are numerous objections to the proposed sewer plan but we believe that most of these objections are of a minor nature.

We didn't like that clause in the engineer's contract which provides that his fee shall be figured on the actual cost of the job or his estimate, whichever is largest, and we had a lot of company on that, but at a public meeting some weeks ago Mr. Wilson took care of this by stating that he was willing to have this provision changed to fix the fee on the actual cost of the project rather than the estimate.

Unless requested by a prescribed number of voters there is no necessity for holding a referendum on revenue bonds. In the case of Tinley Park a number of petitions have been given out by the village board to persons who are seeking sufficient signatures for such a purpose.

This shows a cooperative spirit on the part of the board and that it welcomes an expression of public opinion on the sewer program. We believe there should be a referendum on any subject that affects all of the people of a community.

We hope that the people of Tinley Park will authorize the village board to issue revenue bonds that the sewer may be built.

We take this stand because in our opinion a sewer system is vital to the health and convenience of the people of Tinley and to insure the growth and progress of the community. Further delay may prove more costly.

of improper diet, irregular meals, inner tensions and so forth. Their symptoms may be indistinguishable from those of peptic ulcer and for this reason, the doctor usually recommends that x-rays be taken. This is the only certain means of proving whether an ulcer exists. Other conditions, including cancer of the stomach, produce the same type of discomfort. Hence it is unwise to attempt to diagnose or treat such symptoms without consulting a physician.

The medical treatment of peptic ulcer is designed to heal the condition both by reducing the production of acid and by protecting the ulcer from exposure to the acid. Bland, easily digestible and non-spicy foods do not stimulate the stomach excessively and such foods form the basis of ulcer diets. Milk and cream are especially effective in protecting the raw ulcer surface between meals when the stomach is empty.

Two types of medication are usually prescribed. One acts to decrease the ability of the stomach to produce acid. The other mechanically coats the ulcer surface to protect it from acid action. Alkalis such as bicarbonate of soda are no longer widely recommended because use of such compounds over a long period of time can upset the body's chemical balance.

Successful treatment will result in complete healing of most ulcers in four to six weeks. However it must be realized that this accomplishment does not necessarily cure the tendency to ulcer formation in the future. Once an individual develops a peptic ulcer, it will be many years before he can safely drop his guard. Even tho the original ulcer has healed, the possibility of further hyperacidity exists. Consequently the sensible patient will try to overhaul his eating and living habits in the interest of avoiding the foods and mental strains which overstimulate the stomach.

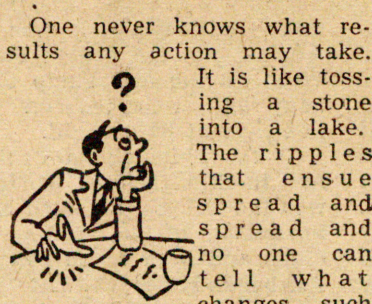

Occasionally even the best medical treatment fails to bring about healing and surgery is necessary. An operation may also be required as an emergency if the ulcer perforates or bleeds uncontrollably. The best guarantee of avoiding such serious consequences is prompt and conscientious attention to early symptoms and the doctor's recommendations.

"With so many thousands of persons traveling by plane these days, it's a wonder that somebody hasn't figured out a way to stick the billboard on a cloud."

—Blue Island Sun-Standard

On Second Thot

by Glenn F. Logan

One never knows what results any action may take. It is like tossing a stone into a lake. The ripples that ensue spread and spread and no one can tell what changes such ripples may make in the life that goes on in those waters.

A word, a gesture, a look, a mishap can alter our plans, our lives, and we never realize it.

Whoever would have thought that a severely sprained ankle suffered by a bulldozer operator on Monday of last week would have had any consequences other than the usual pain and discomfort such an injury causes the victim.

Certainly no one had any thought that such a mishap could have taken the lives of two boys the next day.

Or one could look for a cause further back, to a clogged sewer in Country Club Hills. Workmen had endeavored to clear the obstruction with the long flexible steel tapes, which for some reason are called rods, and when their efforts failed the only thing left was to dig.

A contracting firm took over the job. Several holes were dug in the search for the trouble spot, but were filled in immediately afterwards, as a safety measure and to prevent a possible cave-in that might break the pipe.

The last section opened was about 30 feet long, perhaps six feet wide and 10 feet deep. This would have been filled too but for the fact shortly before that phase of the work could be started, the bulldozer operator met with an accident. Jumping off his rig he so landed that an ankle rolled. The man had to be carried to a doctor.

Thus the hole was left open. The man was unable to work the next day so the hole remained open. In the afternoon the two young boys, enroute home from a neighbor, stopped to inspect the excavation.

When the workmen left Monday night the ditch was dry but this is low ground. Apparently water drains from surrounding land to this section and by Tuesday afternoon there was some four or

Letters to the Editor

THE SEWER QUESTION

Dear Sir:

Mr. Burnette, whose letter relative to the sewer question was published recently, took the position that Mr. Murphy was NOT representing the majority of parkside homeowners, and that very well may be. However, we members of Sundale Hills Homeowners Assn. of Tinley Park emphatically agree with Mr. Murphy's views on the sewer problem. I, as assistant secretary of the Sundale association, can and do say I am speaking for said "members" and I am sure Mr. Murphy's remarks were intended as remarks of the members of the Parkside association. I would like Mr. Burnette to note that we, Mr. Murphy and I, are speaking for the MEMBERS of said associations, not for the whole population of said areas. However, I do believe a good percentage of the population is involved in both cases and those who are not members still feel as we do. Naturally, I don't deny Mr. Burnette or anyone else a right to his own opinion.

None of us are in favor of "false economy" (Mr. Burnette's words), but on the other hand why should we of 1959 Tinley Park pay the brunt of the cost for sewers that will benefit the 1980 population of Tinley Park, and that population will probably pay nothing, if another less expensive plan is feasible. The members of our association want a good sewer system as perhaps does most of Tinley Park, but we want one that will not throw our home budgets completely out of kilter.

five feet of water in the hole.

Whether the youngsters came too close to the edge and it crumbled or whether one fell in and the other followed in a vain attempt at rescue probably will never be determined. By the time their plight was discovered, and they were pulled from the ditch, it was too late.

It is not too late, however, for builders or individuals responsible for excavations to see that they are properly barricaded. Parents and teachers too can help by warning youngsters against playing around excavations.

Building operations will be in full swing again with the advent of spring. And remember, April showers not only bring May flowers as the song says, but also floods. Excavations for buildings that become filled with water can become death traps for children.

The present plan will certainly do just that to mine. Very truly yours,
(Mrs.) Marian Armbruster
Assistant Secretary
Sundale Hills Homeowners Assn. of Tinley Park

WE ARE FLATTERED

Dear Sir:

I feel called upon to express my personal appreciation for the enterprising editorial influence in the News Bulletin during the past year or so. The area served by your newspaper is currently suffering the growing pains which accompany rapid growth. The problems faced by our communities are complicated ones and they undoubtedly will continue to be so for some time to come.

For many of us, your newspaper is the only source of information concerning the day to day progress of our

own community and our neighboring towns. The objective reporting and opportunities for reader discussion to be found in your pages provide an indispensable service for the people.

Although I may not always agree with the Editor's opinions as expressed in his editorials, the decision to deal with current and sometimes controversial subjects in the Editor's column deserves respect and commendation.

I am certain there are others who feel as I do. In the field of small community newspapers especially, it must be important for the publisher to know how the readers react to his publication. I for one would like to cast my vote for continued objective reporting and editorial analysis of Our Town and its growing pains.

THIS, TOO, IS TEXAS EASTERN

A Growing Gas Transmission System Is a Busy Place For Engineers

Did you ever wonder what an engineer with a pipeline company does — exactly?

He's got a mighty important job at Texas Eastern. We've got all kinds — mechanical, chemical, electrical, civil, petroleum. They're found in all types of work — administrative, research and planning, compressor station and pipeline design and construction, drafting, communications, materials, budgets and plant records, just to name a few.

The engineer at Texas Eastern is a member of a vast technical team. For instance — if a customer needs more gas, say, 100 million cubic feet a day, it's not just a simple matter of someone saying "give it to them."

Gas reserve engineers have to determine that enough gas is available to fill the request — not just for a short time but for many years. Then the planning and research engineers go to work to determine how best to get the gas delivered (they may have to add a new compressor station, new pipeline or the system may carry the load just as it is).

The gas is available, a method to deliver it has been determined. The next step is to construct the needed facilities. Drafting engineers draw many plans, construction engineers plan sites for compressor stations and routes for new pipelines, material men begin purchasing needed equipment and supplies, contracts are planned and executed.

During this time engineers have been planning construction budgets and operating costs. Communications engineers have been planning the best equipment to install at the compressor station (if one is needed). And, anticipating the time when the work will be completed and the new facilities will be placed in operation, engineers handling plant records begin setting up records to keep accurate information on the plant property, its initial cost, operating costs, how it can be improved and things to keep in mind when new facilities are constructed.

Texas Eastern's large investment in a wide variety of engineering talent has proved to be a sound one. Returns on this investment are found in dependability and efficiency of system operation so customers know that with Texas Eastern handling the transportation job, natural gas will always be available to meet their needs.

STOMACH ULCERS

The tendency for an individual to diagnose his own symptoms is extremely common, especially when the difficulty involves the stomach. Far more people suspect or believe they suffer from ulcers than can possibly be true. Fortunately most of those who make this self-diagnosis are incorrect, since peptic ulcer, to use the medical term, can be a complicated and long drawn out medical problem.

Most peptic ulcers actually do not occur in the stomach but in the duodenum, which is just beyond the end of the stomach. An ulcer develops when a portion of the lining of stomach or duodenum is destroyed, usually as the result of an abnormal increase in the production of stomach acids. The ulceration may involve only the inner lining or it may erode through the entire thickness of the wall, producing a perforation. If the ulcer should happen to develop near a large blood vessel, severe hemorrhage may occur.

Altho peptic ulcer is almost always associated with excessive amounts of stomach acid, the cause of this hyperacidity is not entirely clear. The condition is not common in women and it seems to be the tense, conscientious, and hard-driving man who is most susceptible.

All that glitters is not gold and every case of heartburn

or acid stomach is not an ulcer from occasional or frequent cer. A great many people suf-stomach distress as the result

Barbed Wire and Windmills Helped Tame West

By ROBERTS MANN
(Cook Co. Forest Preserve)

Two products of Yankee ingenuity—barbed wire and the windmill—played leading parts in the taming of the Wild West. Windmills made it possible to build the railroads and establish the ranches, and farms which now occupy the Great Plains from Canada to Mexico. In that vast territory, once known as "The Great American Desert," the annual rainfall is less than 20 inches—frequently much less. Unless you have lived there, you cannot realize how terribly hot and dry that country becomes, nor how hard the winds may blow incessantly for days weeks or even months. Windmills made it possible to pump from veins far underground, water that was more precious than gold.

Windmills had been used in Europe since the 12th century, especially in the Netherlands and Germany, but they were huge cumbersome structures built to furnish great power

for pumping large volumes of water or grinding grain. Their sails, 60 or more feet in diameter and mounted on an enclosed tower, had from 4 to 6 radial arms that almost touched the ground as they revolved. On each arm were transverse slats over which a canvas sail had to be unfurled and stretched each time the mill was operated.

In the German type, the entire tower was rotated around a central post, by hand, to keep the wheel facing the wind. On the Dutch type only the top or turret revolved and one of these has been preserved in Mt. Emblem Cemetery on Grand ave. just west of the new Tri-State tollroad. It was built in 1847 and, until 1916, was used to grind grain into flour and livestock feed.

In 1854, Daniel Halliday, a young mechanic in Ellington, Conn., perfected a windmill that was not only much smaller and less expensive than the European types but was portable and had two great im-

provements. Its wheel was sectional, with wooden "sails," and was automatically shifted into the wind by wind pressure on a vertical vane or tail behind it. Further, there was a weight which acted like the governor on a steam engine. When the wind's velocity caused the wheel to spin too fast, the weight rose slowly and reduced the "pitch" of the sails—the area presented to the wind. Mounted on a tower or a barn, the power was applied thru a transmission device to a pump rod or the shaft of a mill.

Immediately, it seemed, everybody in the West wanted one. The Union Pacific railroad placed an initial order for 70. The availability of water, because of this invention, attracted ranchers and homesteaders. Soon the prairies were dotted with windmills, mounted on crude wooden towers, looming above the stock tanks and every railroad water tank. Progressive farmers in the Middle West bought wind-

mills. Halliday's shop was expanded into the United States Wind Engine and Pump Company and relocated on the Fox river at Batavia, Ill.

At the Philadelphia Centennial in 1876, the best windmill was the Eclipse, invented by a missionary to the Ojibway Indians and later made by the Fairbanks-Morse Co. At one time there were 34 to 40 such manufacturers. Gradually, the wooden ones gave way to all-steel windmills with curved blades, such as Elgin's Wonder (made in Elgin, Ill.), Woodmanse (Freeport, Ill.), Baker (Evansville, Wis.) and Aeromotor, manufactured in Chicago since 1888 and one of the few still made.

Almost every windmill you see in Illinois now is an Aeromotor with its patented self-oiling gear case. One huge ranch in Texas has more than 100 of them, serviced by a cowhand who travels in a jeep!

Chicago, scornfully called the "Windy City," is truly the Windmill City.

Solons Bent on Aid to Reckless Auto Drivers

A mortal blow to the Illinois driver control program would be struck if House Bill 159 were to be passed by the general assembly, according to Secretary of State Charles F. Carpenter.

The measure would require that the only convictions for traffic law violations which could be counted on a driver's record leading to possible revocation or suspension of his license would be those obtained in courts of record. Convictions obtained in police magistrate or justice of the peace courts could not be counted.

The House Motor Vehicles committee last Wednesday approved the bill for passage.

"This proposal would permit a large percentage of drunk drivers, those who leave the scene of an accident, habitual speeders and reckless drivers to continue driving," Secretary Carpenter said. "We would be powerless to do anything about them."

Secretary Carpenter pointed out that in downstate Illinois 95 per cent of the convictions for moving traffic violations are obtained in police magistrate and justice of the peace courts.

"If those convictions cannot be counted on the drivers' records, 95 per cent of the types of revocations and suspensions which we now make would be eliminated, and those drivers who, by their own conduct, committed flagrant violations or compiled records indicating they are menaces on the highways could continue to endanger innocent lives every day," Mr. Carpenter said.

This would be a "disastrous blow to the state's coordinated traffic safety program which is bringing such commendable results—results which are reflected in the traffic fatality reduction of 234 last year alone," Mr. Carpenter said.

"The only difference in the game of love over the past few thousand years is that they've changed trumps from clubs to diamonds."

"The up-to-date house has wall-to-wall carpeting, wall-to-wall windows, and back-to-the-wall financing."

Goodwill Seeks Items to Employ Handicapped

Goodwill Industries of Chicago, a non-profit social service agency that employs, trains and rehabilitates the physically and mentally handicapped, is seeking clothing and household items no longer needed, for contribution.

To provide work for the handicapped employees, Goodwill depends on collection of these items from residents of the Chicago area.

During the severe winter months collection of such items has fallen off to such a degree that it is feared it may be necessary to curtail employment of some of the handicapped.

With the approach of spring, householders can render a real service to the handicapped, by clearing out attics and donating all items of clothing and repairable household items to Goodwill, by calling Seeley 8-3860 for a Goodwill pickup and a truck will collect the material.

Farms Shrink in Bremen Twp. but Number in Orland Holds Steady

(CNS) Orland township had one more farm in 1957 than eight years earlier, though one per cent less farm acreage, while all of Cook county had 40 per cent less farms and 27 per cent less acreage. It was the only township to show an increase in farms.

These facts were disclosed by the annual farm census released by the Illinois Cooperative Crop Reporting Service in Springfield last week. They compared with a 27 per cent decrease in farms and 11 per cent in acreage during the preceding decade, from 1939 to 1949.

Farms in the county totaled 1,987 for 1957 compared with 3,318 in 1949 and 4,537 in 1939, while acreage totaled 163,699 from 225,399 in 1949 and 253,861 in 1939.

Orland township however, had 113 farms totaling 14,160 acres during 1957 compared with 112 farms of 15,818 acres in 1949 and 213 farms of 19,064 acres in 1939.

Bloom township showed the largest south suburban drops in both categories, with 158 farms compared to 280 in 1949 and 241 in 1939, and 10,434 acres compared to 21,645 in 1949 and 17,214 in 1939.

Following are the figures for other townships in the county:
Bremen: 83 farms from 100 in 1949 and 395 in 1939; 7,361 acres from 12,087 and 15,807 respectively.
Lemont: 100 farms from 119 and 129; 5,668 acres from 7,270 and 7,904.
Palos: 69 farms from 82 and 98; 4,155 acres from 5,624 and

7,988.
Worth: 156 farms from 262 and 330; 4,811 acres from 9,164 and 10,638.

Showing the urbanizing trend in the Chicago area, the farms in all of Illinois were only down 10 per cent in 1957 from 1949, to 168,122 from 195,919, and acreage down three per cent, to 30,507,242 from 31,477,153 compared with Cook county's 40 and 27 per cent reductions.

Area Students Awarded State Scholarships

Are Students 1-24 Must inside
Among the 2,996 Illinois high school seniors who will receive college scholarships as announced recently by the Illinois State Scholarship commission, 72 are from this area. Students receiving the scholarships were chosen from among 3,718 who had high scores in the examination given last November to more than 22,000 seniors.

To receive the scholarship, a student must be in the top half of his high school class scholastically, must be an Illinois resident of good moral character, basis of financial need considered. The awards must be used only at Illinois colleges and universities, private or public.

Those from this area are: Frankfort, Patricia M. Bradley and Charles W. Otto;

Manhattan, Georgia L. Broadrick; Monee, Bonnie M. Torok; New Lenox, Donna J. Anderson and Wayne G. Klasing.

Also, Orland Park, Daena R. Geissinger, Gerald D. Hosier, Marianne R. Merwin, Kenneth H. Miller, Robert M. Stoutenour and Reed C. Williams; Palos Heights, William D. Anderson, Norman S. Behn, Bernadette K. Kopeck, William L. Witt and Phil T. Yurtis; Palos Park, Arlene Ruth Kamis, Merle L. Martin and Mehlin B. Smith.

Also Tinley Park, Joan M. Beaman, Robert Paul Hoffman and Robert H. Stellwagen; Midlothian, Craig L. Foster and Jennifer A. Gilman; Markham, Peter J. Postelwaite; Matteson, Judith A. Conrad, Dorothy A. Grohman and Richmond M. Lloyd; Hazel Crest, Marion K. Johnson; 12 from Harvey; seven from Homewood; nine from Blue Island, five from Crete, and nine from Lockport.

LEGAL NOTICES

ANNUAL TOWN MEETING AND ELECTION
Notice is hereby given to the legal voters, residents of the Town of Frankfort in the County of Will and State of Illinois, that the Annual Town Meeting and Election of Officers of said Town will take place on Tuesday, April 7, A. D. 1959 being the first Tuesday of said month.

The polls will open at 6 o'clock a.m., and will close at 6 o'clock p.m. on said day in the place or places designated as follows:

Frankfort Precinct 1, Village Hall, Frankfort, Ill.

Frankfort Precinct 2, Cooper & Hostert Garage, Mokena, Ill. The Officers to be elected are: Highway Commissioner, 4 year term.

The Town Meeting for the transaction of miscellaneous business of said Town will be held at the hour of 2 o'clock

p.m. on said day at Cooper & Hostert Garage, Mokena, Ill. and a Moderator having been elected, will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the Town and decide on such measures as may, in pursuance of law, come before the meeting; and especially to consider and decide the following:

Given under my hand at Mokena, Ill. this 7 day of March, A. D. 1959.

HAROLD J. COOPER
Town Clerk

March 19, 26

NOTICE OF PUBLIC HEARING

Notice is hereby given that a tentative budget and appropriation ordinance for the Town of Frankfort, in the County of Will, State of Illinois, for the fiscal year beginning April 1, 1959, and ending March 31, 1960, will be on file and conveniently available to public inspection at Cooper & Hostert Garage, Mokena, Ill., from and after 10 o'clock a.m., Tuesday, March 10, 1959.

Notice is further given hereby that a public hearing on said budget and appropriation ordinance will be held at 2 o'clock P. M., Tuesday, March 31, 1959, at Cooper & Hostert Garage, Mokena, Ill. in this Town, and that final action on this ordinance will be taken by the electors at the annual town meeting to be held at 2 o'clock P. M., Tuesday, April 7, 1959.

Dated this 7 day of March, 1959.
WM. KAMPE Supervisor
HAROLD J. COOPER, Clerk
March 12, 19

NOTICE OF ELECTION

School District Number 135
Notice is hereby given that on Saturday, the 11th day of April, 1959, an election will be held in and for School District Number 135, Cook County, Illinois, for the purpose of electing three (3) members of the School Board of said School District for the full

term.

For the purpose of this election, the entire School District shall constitute a single voting precinct, and the polling place therefor shall be the Orland Park Elementary School, 143rd Street and Southwest Highway, Orland Park, Illinois.

The polls at said election will be opened at twelve o'clock noon and closed at seven o'clock P. M. of the same day.

By order of the School Board of said District,
Dated this 19th day of March, 1959.

KENNETH A. HALVORSON
President, Board of Education
MARGUERITE R. CARROLL
Secretary, Board of Education
March 19, 1959

NOTICE

Riding Club Plans Banquet and Election of Officers in April

By DELORES ANDERSON
New Lenox 3551

The New Lenox Riding club met Sunday evening in the Lions den, with 28 members and 13 guests present. A few of the guests were members of the Peotone Riding club. Following the meeting, a white elephant sale was enjoyed and lunch was served. This meeting was the last indoor meeting for the season. The next meeting in April, will be the club's annual banquet and election of officers. May will be the first outdoor meeting, starting with the club's annual May membership show.

The clubs next horse show will be Sunday, March 22, at the Keith N Stable at Hinsdale. Plans are being made for a big horse show to be held in June at the local 4-H grounds.

The New Lenox Sportsmen's club will meet in the Lions den, South Cedar road tonight, March 19 at 8 o'clock. Plans will be discussed at this meeting for the annual fish fry, which will be held April 24.

Plans are also being made for the formation of a Junior Sportsmen's club for the 12-16 year olds, a club that will be run by the Juniors themselves with several adults in the background to act as advisors.

Lincoln Way high school district 210 will be host to the incoming freshman students at its annual step up day April 6. The purpose of this day is to acquaint the incoming students with the curriculum of high school and to give them an opportunity to meet the Lincoln-Way staff.

Mrs. Edward Morris demonstrated the making of party and table decorations yesterday at the meeting of the Home and Arts club, when they met at the home of Mrs. John Rob, 126 W. Woodlawn. Mrs. Clarence Luther, activities chairman, planned the program.

Mrs. Donald Anderson, opened her home Tuesday to the Woman's club. She was assisted by Mrs. Grace Sweet, Mrs. Amos Bruns and Mrs. Howard Ayres had charge of the program.

Mrs. Irvin Wolfinger is chairman of the Red Cross drive for New Lenox this year. The drive is on this month, and anyone caring to donate their services are asked to contact Mrs. Wolfinger, at New Lenox 8485.

Members of the New Lenox Unit of Home Bureau will meet a week earlier this month on Friday, March 20, due to the regular meeting date falling on Good Friday. The meeting will be held in the Fellowship hall at the Methodist church, with Mrs. John Francis as hostess, and Mrs. Max Greenley as co-hostess.

Mrs. Ernest Rydberg and Mrs. Ivan Archibald will give the major lesson on "Care of Out Door Plants" and Mrs. Edward Berens will give the minor lesson on "Helping Teen-

agers Entertain." Slides will be shown.

Mrs. Edward Unseld, Elm street, has returned from Illinois Research hospital in Chicago where she underwent surgery recently.

Mrs. Merrill Crouse underwent surgery Monday in Wesley Memorial hospital and is reportedly getting along fine.

Mrs. Octavia Pugh, 204 N. Cedar road, will mark her 90th birthday Monday, March 23. The occasion will be marked Sunday with a quiet family gathering in her home.

Mr. and Mrs. Joseph, Wajchert spent the weekend in LaSalle, where Mrs. Wajchert bowled in the annual tournament of the Slovenian Womens union of Joliet of which she is a member.

Eleanor L. Hammond, daughter of Mr. and Mrs. James A. Hammond, has been placed on the Dean's list at Illinois Wesleyan University. It has just been announced by William T. Beadles, vice president and dean of the University.

This recognition is given to those students whose grades include nothing below B and at least one grade of A. This list is based on the grades from the first semester of the school year 1958-59.

Wayne Mangun underwent surgery on his knee in Silver Cross hospital yesterday morning.

CHRISTIAN SCIENCE CHURCHES

How reliance on God's inexhaustible goodness brings abundance will be emphasized Sunday at Christian Science services.

The blessings of trust in God are brought out in passages to be read from the Bible, including this one from Psalms (34: 8-10): "O taste and see that the Lord is good: blessed is the man that trusteth in him. O fear the Lord, ye his saints: for there is no want to them that fear him. The young lions do lack, and suffer hunger: but they that seek the Lord shall not want any good thing."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy in the Lesson-Sermon entitled "Substance" will include this well-known statement (494:10-11): "Divine Love always has met and always will meet every human need."

The Golden Text is from Psalms (36:5): Thy mercy, O Lord, is in the heavens; and thy faithfulness reacheth unto the clouds."

"Oh, for the good old days when Lebanon was a sausage, Morocco was a leather, and the summit was the top of a mountain."—Reynolds Press

Skit on Canada To be Presented At Pack Meeting

By DELORES ANDERSON
New Lenox 3551

Cub Scout Pack 41 will hold the monthly pack meeting Friday March 20, at 7:30 pm. in the Schmuhl school. Hostess will be Mrs. Fred Cortright. A short skit on "Canada, the Land of the Mounties," will be given by the boys, in keeping with the theme for the month.

Mrs. Clifford White entertained the members of the Witty Knitters last Wednesday at dinner-luncheon in her home at noon. The afternoon hours were spent in knitting. Mrs. U. L. Madden will entertain the group at their next meeting.

Mrs. Kenneth Mills has returned from Silver Cross hospital where she was a medical patient for the past two weeks.

Mr. and Mrs. George Thode and son Kurt of Chicago spent the weekend here with his parents, Mr. and Mrs. Walter Thode. Mrs. Thode and son remained here for a few days to assist Mrs. Walter Thode who is recovering from surgery.

Ernest Krugh underwent eye surgery in St. Joseph's hospital recently.

Mr. and Mrs. Ralph Oldt and family spent Saturday in Chicago where they celebrated the birthday anniversary of her mother, Mrs. James Flaherty.

Roman Nowicki returned Saturday from Silver Cross hospital where he was a surgical patient for a few days.

Den 1 of Cub Scout Pack 41 met Thursday in the home of their assistant den mother, Mrs. Richard Pokorny. The boys are working on Mountie uniforms, which will be used in the skit they will present at the Pack meeting Friday night.

Busy Hour 4H girls and their parents from Lincolnwood Hills, who attended the 4H rally at Peotone last Monday night, were, Sandy Kooyenga, Judy Owen, Dolores Kooyenga, Millicent Halik, Barbara Taylor, Betty Jane Malloy and Debbie White. Parents who accompanied them were, Mr. and Mrs. Marcel Halik, Mrs. D. M. Owen, Mrs. Robert Taylor and Mrs. William Malloy.

Randy, Jerry and Kathy Konkel spent the weekend with their grandparents, Mr. and Mrs. Harry Baher in Joliet.

Hold Communion Church Services On Good Friday

By VIRGINIA SASS
New Lenox 3133

Good Friday services will be held in the Marley church March 27 at 7:45 pm. The Communion service will be "The Cross and Love." The choir will sing "It Was For Me."

Mrs. Ray Hamer attended a special meeting of the Will County Minister's Wives meeting Wednesday in Joliet, to hear the author of "Papa's Wife" and "Papa's Daughter", Tina Bjorn, review her books.

Glenn Peterson is a patient in Hines Veterans Hospital.

Mrs. Adella Sproat and Mrs. Beatrice Coe were hostesses to the Marley Women's club in the Marley church Thursday. Dessert coffee was served at 1:40 o'clock from a pretty table decorated with St. Patrick's Day motifs.

The vice president, Mrs. John Peciniak, conducted the meeting. The club voted to give donations to the Easter Seal fund, The Red Cross and the Cancer drive.

Mrs. Peciniak reported on the annual Project day which was held Feb. 24 in Joliet. The program was presented under the direction of Mrs. Royal

Barrett Bros. May Open New Subdivision

Barrett Brothers, a building firm in the Chicago area that has been in business for more than 60 years, is so pleased with the response to its development efforts at Tinley Park, that it expects to open another subdivision after selling out the present one, if it finds the proper location.

The firm is now developing a tract divided into 143 homesites. Some of the homes, all of brick construction, are already occupied. Seven model homes are now open for inspection. They range in price from \$17,300 to \$19,500.

These homes are available in 12 styles and designs, with 3-bedroom floor plans. One, the "Princess," a split level type, features a bath and a half.

The subdivision is located off Oak Park avenue, at 176th street, two blocks south of the Rock Island railroad station. And it is at Oak Park and 176th that the models are located.

Minimum lot sizes are 60 x 132 feet. The subdivision has city water, sidewalks, curbs, and streets, street lights, storm and sanitary sewers.

Purchasers have a choice of several financing plans, including GI loans at 4% interest.

SCHOOL ELECTIONS

The last day to file petitions for candidates to seven member school boards is March 21. The regular annual school election is April 11.

By MAURICE P. ANGLAND

Next month the St. Lawrence Seaway will be opened for traffic. A waterway system will connect the Calumet harbor with the Mississippi river. This internal waterway is close to completion in a manner to permit its use by large barges. It is understood the channel will be 27 feet deep and 212 feet wide.

It is doubtful if the public fully appreciates this waterway system and its effect on the economic development of the whole middle west and south.

About two years ago, the Canadian Minister of Commerce was in Chicago as a speaker before a group of business executives. He was surprised at the lack of appreciation of the economic meaning of the opening of the Great Lakes to ocean going commerce.

He pointed out that this development should be compared to the discovery of a new navigable river such as the Mississippi.

In order to consider the economic impact of this development, it must be remembered that there has been a steady population increase in the middle west and south. As of 1951, the population center of the USA was a farm eight miles northwest of Olney, Ill. and three and one half miles west of Dundas, Ill., near Salem, Ill. and close to the Kentucky border. This places it near the center of a triangle formed by St. Louis, Evansville, Ind. and Terra Haute, Ind. The 1960 census is certain to show this population center as closer to St. Louis and the Mississippi river.

The differential between costs of water and other forms of transportation is very great. This means location of many large industries on or near transportation advantages of this kind. It will also intensify population shifts.

Railroads whose systems were built on the basis of previous transportation conditions, will be forced to make prompt changes. Cement mills with rail transportation only, could profitably ship only about 200 miles from the plant. With water transportation from the Great Lakes to New Orleans, the potential market of a cement mill located on Lake Michigan, would be very large indeed and could mean lower cement costs for a large area. This example is used since foreign cement manufacturer has already noted this advantage and is building a new cement mill on upper Lake Michigan. Cement making requires large amounts of coal and lime, both bulk items.

The number and types of industries which will need the transportation advantages available, are legion. To mention a few—steel making and fabricating, oil and petroleum chemistry, building materials, chemicals etc. Naturally, suppliers to these industries will follow as well as those firms desiring distribution facilities in such an expanding market. This would be especially true of firms whose business is largely of a packaging nature.

To compete favorably, more steel and steel fabricating plants will locate on this waterway.

Recently, the state of Indiana has been actively fostering the development of a Lake Michigan port at what is

LEGAL NOTICES

NOTICE OF SPECIAL ELECTION CONSOLIDATED HIGH SCHOOL DISTRICT NUMBER 230

NOTICE IS HEREBY GIVEN that on Saturday, the 11th day of April, 1959, a special election will be held in and for Consolidated High School District Number 230, Cook County, Illinois, for the purpose of voting upon the following proposition:

Shall the maximum tax rate for Transportation purposes of Consolidated High School District Number 230, Cook County, Illinois, be established at .10% on full, fair cash value as equalized or assessed by the Department of Revenue, instead of .02%, the maximum rate otherwise applicable to the next taxes to be extended?

(It is estimated that the approximate amount of taxes extendable for Transportation purposes under the proposed rate is \$43,580.00, and the approximate amount of taxes extendable for Transportation purposes under the existing rate applicable to the next taxes to be extended is \$8,716.00) For the purpose of this election the following precincts and polling places are hereby established:

ELECTION PRECINCT NUMBER 1
Boundaries: That portion of said School District lying South of the center line of 135th Street and 135th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 2
Boundaries: That portion of said School District lying South of the center line of 159th Street.
Polling Place: Hollstein School

ELECTION PRECINCT NUMBER 3
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 4
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 5
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 6
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 7
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 8
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 9
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 10
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 11
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 12
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 13
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 14
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 15
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 16
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 17
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 18
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 19
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

ELECTION PRECINCT NUMBER 20
Boundaries: That portion of said School District lying South of the center line of 95th Street, and 95th Street as extended, and North of the center line of 159th Street.
Polling Place: Orland Park School

the North line of the Calumet Sag Channel, excepting that part lying within the corporate limits of the Village of Hickory Hills, and excepting that part lying within the corporate limits of the Village of Bridgeview. Polling Places: Quin School 7825 West 103rd Street Palos Hills, Illinois

ELECTION PRECINCT NUMBER 5
Boundaries: That portion of said School District lying North of the center line of 95th Street and 95th Street as extended, excepting that part lying within the corporate limits of the Village of Bridgeview; also that portion of said School District lying South of the center line of 95th Street and within the corporate limits of the Village of Hickory Hills. Polling Place: North Palos School

ELECTION PRECINCT NUMBER 6
Boundaries: That portion of said School District lying within the corporate limits of the Village of Worth. Polling Place: Office of Charles Beel

ELECTION PRECINCT NUMBER 7
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 8
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 9
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 10
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 11
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 12
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 13
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 14
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 15
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 16
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 17
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 18
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 19
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 20
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

ELECTION PRECINCT NUMBER 21
Boundaries: That portion of said School District lying within the corporate limits of the Village of Bridgeview. Polling Place: Trailer Court Office

rectors of School District Number 140, Cook County, Illinois. LESTER H. ROCKROHR, Clerk, Board of School Directors of School District Number 140, Cook County, Illinois. March 19

NOTICE OF SPECIAL ELECTION School District Number 137

Notice is hereby given that on Saturday, the 11th day of April, 1959, a special election will be held in and for School District Number 137, Cook County, Illinois, for the purpose of voting upon the following proposition:

Shall the maximum tax rate for Educational purposes of school District Number 137, Cook County, Illinois, be established at .90825% on full, fair cash value as equalized or assessed by the Department of Revenue, instead of .69825%, the maximum rate otherwise applicable to the next taxes to be extended?

(It is estimated that the approximate amount of taxes extendable for Educational purposes under the proposed rate is \$13,620.00, and the approximate amount of taxes extendable for Educational purposes under the existing rate applicable to the next taxes to be extended is \$10,471.00.)

For the purpose of the said election, the entire School District shall constitute a single election precinct, and the polling place therefor shall be the Doctor School, 159th Street and 114th Avenue, Orland Township, Cook County, Illinois.

The polls for the said election will be opened at four o'clock P. M. and will close at seven o'clock P. M. on the said day.

By order of the School Directors of School District Number 137, Cook County, Illinois.

GORDON C. DOCTOR, Clerk of School Directors of School District Number 137, Cook County, Illinois. March 19, 1959.

NOTICE OF ELECTION Consolidated High School District Number 230
Notice is hereby given that on Saturday, the 11th day of April, 1959, an election will be held in and for Consolidated High School District Number 230, Cook County, Illinois, for the purpose of electing two (2) members of the School Board of said District for the full term.

For the purpose of this election the following precincts and polling places are hereby established:

Election Precinct Number 1
Boundaries: That portion of said School District lying South of the center line of 135th Street and 135th Street as extended, and North of the center line of 159th Street.
